MEMORANDUM FOR RECORD

SUBJECT: USSOCOM RFTR-CG GOVERNMENT PROJECT DESCRIPTION

The USSOCOM Radio Frequency Training and Test Range at Camp Gruber (RFTR-CG) supports active-duty special operation forces (SOF) signals intelligence (SIGINT) testing and training via a collection of commercial off-the-shelf technologies that emulate signals of interest.

Fail-Safe Solutions, LLC (5RX41) is subcontracted to administer the daily operation of RFTR-CG and provide technical support to onboard units.

The purpose of this Special Temporary Authority application is to enable ground communications for SOF units training at RFTR-CG using the Persistent Systems, LLC Wave Relay Mobile Ad Hoc Network (MANET) MPU5 transceiver. Transmissions will be confined exclusively to the Camp Gruber training areas.

Contract Number: N68335-18-G-0035

Subcontract Number: CSISC19-0035-0534-FSS

U.S. Government point of contact: Mr. William Gallagher
Director, Aircraft Prototype Facility (APF)
