Reference: FCC Application File No. 1037-EX-CN-2023

Dear FCC Secretary,

The University of Nebraska Lincoln is aware that in accordance with Resolution 88 of the International Telecommunication Union's (ITU) Plenipotentiary Conference (Marrakech, 2002), and ITU Council Decision 482, as modified, cost-recovery fees will apply to satellite network filings received by the Radiocommunications Bureau after November 7, 1998. As a consequence, Commission applicants are responsible for any and all fees charged by the ITU to process their satellite network filings. University of Nebraska Lincoln hereby states that it is aware of this requirement and unconditionally accepts all cost recovery responsibilities associated with the ITU filings for the Big Red Sat-1 satellite network. Please address all cost-recovery inquires, and ITU correspondence and filings, related to the Big Red Sat-1 satellite network to the following point of contact. We understand that should there be any change in the point of contact information, we will inform the Commission within 30 days of the foreseen event.

We also acknowledge that, in accordance with 47 C.F.R. §25.111, should we have an overdue ITU

cost-recovery fee and have no appeal pending with the ITU, the Commission may dismiss any application associated with that satellite network.
