Dear Mr. Rohleder,

DISH consents to the experimental testing plan as outlined in your email below of July 20, 2023. Once you have filed your STA application with the FCC, please share the file number with us right away so that we may confirm that the application is consistent with the plans you provided. Thanks, and let me know if you have any questions.

Sincerely,
Alison Minea

Subject: Boldyn Networks Request for DISH C-Band Spectrum Use in New York

To: Christian Walters <christian.walters@dish.com>

Cc: Eleanor Waters <eleanor.waters@dish.com>, Gary Farris <gary.farris@dish.com>, Julia Palermo <julia.palermo@dish.com>, Stephen Becker <stephen.becker@dish.com>, Christos Karmis <christos.karmis@boldyn.com>, Josh Reynolds <josh.reynolds@boldyn.com>

This message originated outside of DISH and was sent by: marc.rohleder@boldyn.com

Christian,

In preparation for our network proof of concept trial in NYC, I'd like to request approval to use DISH's C-Band spectrum in New York City. The details for the request are:

- Entity name: Boldyn Networks Infrastructure US LLC
- Spectrum: 3.53 GHz through 3.55 GHz, channels I, J
- Duration: 6 months from STA issuance
- Radios: Artemis pWave radios

- 12 locations per the attached location and coverage files, including 10 LinkNYC kiosks, 1 NY MTA underground subway station, 1 Boldyn office/lab

Boldyn Networks acknowledges that DISH may cancel and revoke our consent and Boldyn Networks will terminate the STA upon 60 days written notice from DISH. Furthermore, Boldyn Networks will share all test plans, test data, results, and test documentation with DISH now and as it becomes available.

Upon your approval, Boldyn Networks will submit an STA request to the FCC.

Thank you,
Marc
