**Motion to Strike**

Skywave Networks, LLC (“Skywave”), by counsel, and pursuant to Section 1.45 of the Commission’s rules, 47 C.F.R. § 1.45, hereby moves the Office of Engineering and Technology (“OET”) to strike the Opposition to Informal Objection filed by Tower Research Capital LLC (“TRC”), on behalf of its subsidiary, m-Wave Networks LLC (“m-Wave”) (“Opposition”). The opposition was filed out of time and should be stricken.

Skywave filed its Informal Objection to m-Wave’s application for renewal of its Experimental License for Call Sign WL2XEE on September 6, 2023. Skywave transmitted the Informal Objection to m-Wave’s counsel of record on September 6, 2023. Under Section 1.45(b), any opposition was due 10 days after the date on which the Informal Objection was filed.<sup>1</sup> The Opposition was due on September 18, 2023. It was filed September 19, 2023.

TRC, on behalf of m-Wave, does not even acknowledge that its Opposition was filed out of time. TRC, on behalf of m-Wave, does not provide any grounds on which its lateness could be excused.

---

<sup>1</sup> Unless otherwise provided in Part 1, Section 1.45 applies to pleadings in Commission proceedings.

Because it was filed out of time, the Opposition should be stricken.

Respectfully submitted,

SKYWAVE NETWORKS LLC
