

Application for Modification

Northrop Grumman Systems Corporation submits this application to modify Experimental License call sign WM2XXV, FCC File No. 0691-EX-CR-2023, to add one new location for a fixed ground station at Georgetown, DE.

The contract number for this work has changed to W15P7T-17-D-0100. The Government POC remains the same as for the earlier contract.

All other aspects are unchanged.
