RE: Atomos Nuclear and Space Corporation  
File Nos.: 0911-EX-ST-2023 and 0943-EX-ST-2023; Call Sign: WV9XQX

Dear Ms. Dortch,

Through this letter, Atomos Nuclear and Space Corporation (“Atomos”) is notifying the Commission that the Meson and Gluon orbital transfer vehicles will deploy to LTDN 13:00 + 60 minutes (not LTAN 13:00 + 60 minutes) based on a recent SpaceX update. Atomos will coordinate this modified orbital parameter with relevant federal operators and other interested stakeholders.

Respectfully submitted,

/s/ Will Lewis

Will Lewis  
Counsel to Atomos
