Subject: Request for Info - File # 0657-EX-ST-2023

---

Message:

I was sent this email requesting the following information:

"Please provide the following information: (1) Please provide the Manufacturer and Model Number and antenna gain (dBi) for 2 fixed (base stations) (Access Points) operating in the 5.925-6.425 GHz (U-NII-5) band and remote units (CPE); which will be used as outdoor standard power access points (AFC Controlled) and mounted on 2 towers. (2) Please provide the Manufacturer and Model Number and antenna gain (dBi) for 10 fixed remote units (CPE); which will be used as fixed client devices and installed on fixed structure located at customer locations; within 10 km radius, center around coordinates of the base stations."

Here is the requested information:

- (1) Cambium Networks ePMP4600 (C068940A112B) with 18 dBi Cambium ePMP sector antenna.
- (2) Cambium Networks ePMP4625 (C068940P142A) with 25 dBi integrated antenna.
