November 21, 2023

Marlene Dortch Office of the Secretary Federal Communications Commission 45 L Street, N.E. Washington, D.C. 20554

Subject: ITU Cost Recovery Declaration for the RROCI-2 Satellite

Satellite Operating in Non-geostationary Orbit in the Planned 2217 MHz and 8125 MHz bands

(RROCI-2)

Reference: FCC Application File No. 0339-EX-CM-2023; Callsign WN2XPI

Dear FCC Secretary,

Atmospheric and Space Technology Research Associates ("Atmospheric") is aware that in accordance with Resolution 88 of the International Telecommunication Union's (ITU) Plenipotentiary Conference (Marrakech, 2002), and ITU Council Decision 482, as modified, cost-recovery fees will apply to satellite network filings received by the Radiocommunications Bureau after November 7, 1998. As a consequence, Commission applicants are responsible for any and all fees charged by the ITU to process their satellite network filings. Atmospheric hereby states that it is aware of this requirement and unconditionally accepts all cost recovery responsibilities associated with the ITU filings for the RROCI-2 satellite. Please address all cost-recovery inquiries, and ITU correspondence and filings, related to the RROCI-2 satellite network to the following point of contact. We understand that should there be any change in the point of contact information, we will inform the Commission within 30 days of the foreseen event.

Point of Contact Name: Jeff Campbell, Program Manager

Organization Name: Atmospheric and Space Technology Research Associates

Address: 282 Century Place, Suite 1000

Louisville, CO 80027

E-Mail: jeff.campbell@orionspace.com

Telephone Number: (303) 993-8039

a dba of Atmospheric & Space Technology Research Associates, L.L.C. 282 Century Place, Suite 1000, Louisville, Colorado, 80027 EIN: 20-2946717 DUNS: 60-1975803

Atmospheric understands that it must remit payment of any resultant cost-recovery fee to the ITU by the due date specified in the ITU invoice, unless an appeal filed prior to the due date is pending with the ITU. We fully understand that a license granted in reliance on such a commitment will be conditioned upon discharge of any such cost-recovery obligation. We also acknowledge that, in accordance with 47 C.F.R. §25.111, should we have an overdue ITU costrecovery fee and have no appeal pending with the ITU, the Commission may dismiss any application associated with that satellite network.

Sincerely,

Chad Fish
