## **Application Narrative for Proposed Equipment**

### **Proposed Program**

Velociti is proposing GPS within their production facility for testing purposes.

### **Objectives**

We seek to accomplish the following objectives:

1. Illumination of the part of the facility, located at 4400 NW 41<sup>st</sup> St Suite 400, Riverside, MO with a GPS signal to allow for the testing and experimentation indoors for continued exploration of utilizing GPS technologies within their handheld receivers to provide innovative applications and continue to provide safe products.
2. Further design, development and enhancement of existing GPS applications to provide greater efficiency and more effective means of utilizing GPS derived information.
