Let's do the 1 year renewal and while we work to figure out the AFTRCC coordination process.

Regards,
Gasper Olvera

ATTENTION: This email originated from outside of GM.

Gasper,

I just received the below from Doug as well. Please let me know how you would like to proceed.

The license doesn't expire in NTIA's database until 2027. If you get AFTRCC coordination that goes that far, I can grant a three-year license.

Thank you,
