SUBJECT: Purpose of Federal Frequency Request

References: (a) FCC Reference #: 0594-EX-ST-2024

(b) FCC Correspondence #: 85174

To whom it may concern:

The 96th Test Wing (96 TW) 46th Test Squadron (46 TS) is requesting permission to utilize Federal-Use Only frequencies in support of over-the-air test events. The subsystem under test is experimental contractor-owned contractor-operated (COCO) and will not be formally inducted into the Department of Defense equipment inventory. This test activity supports critical data collection required by the DoD and will help advance capabilities to the warfighter.
