Ms. Marlene H. Dortch
Office of the Secretary
Federal Communications Commission
45 L Street, N.E.
Washington, D.C. 20554

Subject: ITU Cost Recovery Declaration for the CTC-0 Satellite Network Operating in Non-geostationary Orbit in the Non-planned Frequency Bands (CTC-0).

Reference: FCC Application File No. 1082-EX-ST-2024

Dear Ms. Dortch,

Space Telecommunications, Inc. (“STI”) is aware that in accordance with Resolution 88 of the International Telecommunication Union’s (ITU) Plenipotentiary Conference (Marrakech, 2002), and ITU Council Decision 482, as modified, cost-recovery fees will apply to satellite network filings received by the Radiocommunications Bureau after November 7, 1998. As a consequence, Commission applicants are responsible for any and all fees charged by the ITU to process their satellite network filings. STI hereby states that it is aware of this requirement and unconditionally accepts all cost recovery responsibilities associated with the ITU filings for the CTC-0 satellite network. Please address all cost-recovery inquiries, and ITU correspondence and filings, related to the CTC-0 satellite network to the following point of contact. STI understands that should there be any change in the point of contact information, STI will inform the Commission within 30 days of the foreseen event.

Point of Contact Name: Scott Hasbrouck

Organization Name: Space Telecommunications, Inc.

Address: 2803 Philadelphia Pike, Suite B, PMB 7039, Claymont DE 19703

E-Mail: scott.hasbrouck@spacenetwork.com

Telephone Number: 517 740 1526

STI understands that it must remit payment of any resultant cost-recovery fee to the ITU by the due date specified in the ITU invoice, unless an appeal filed prior to the due date is pending with the ITU. STI fully understands that a license granted in reliance on such a commitment will be conditioned upon discharge of any such cost-recovery obligation. STI also acknowledges that should it have an overdue ITU cost-recovery fee and have no appeal pending with the ITU, the Commission may dismiss any application associated with that satellite network.

Sincerely,

/s/ Scott Hasbrouck
Scott Hasbrouck
