

FCC Application for Experimental STA License

File Number: 1257-EX-ST-2024

SRC respectfully requests the Federal Communications Commission grant us an Experimental STA License for the purpose of testing and evaluation of experimental waveforms. SRC Inc will operate this STA from 7/14/2024 through 8/25/2024.

The location for which we are requesting is listed in the table below:

Location	Lat/Long	Elevation (AGL)	Radius of Operation
Port Ontario, NY	43°33'39"N 76°12'30"W	8000 ft (2438.4 m)	50 km

Cease Buzzer for Experiment

SRC understands that operation will be on a secondary non-interference basis. In the event interference complaints were to occur, SRC has taken preventative measures to cease and desist from transmission until they can be resolved. SRC has established a Cease Buzzer point of contact to quickly react with any interference complaints that are the result of our system. The point of contact for the SRC Cease Buzzer is:

Location	Contact Number
Primary	315-559-0787
Secondary	315-452-8114
