Experimental License Request
File No. 0707-EX-CN-2024**

EXH. 1 - REQUEST FOR EXPERIMENTAL AUTHORIZATION

Northrop Grumman Systems Corporation ("NGSC") hereby requests an experimental license to support experimental testing to characterize system performance and environmental phenomenology of the development system. Testing will occur at the NCGS facility located in Linthicum, MD.

NGSC acknowledges that all experimental operations conducted in the requested bands will be on a non-interference basis.

The **stop buzzer contact** for this project will be Michael Robinson, tel: 410-689-6583.
