**Form 442 Question 4: Government Project Description**

Contract: FA873024PB005

Agency: US Air Force/AFWERX

Gov POC:

- Sterling Alley, AFWERX Special Projects PM - sterling.alley@afwerx.af.mil
  
- Jason Brown, Eglin Test Engineer, 413 FLTS/SOTM - 478-213-3927 or jason.brown.8@us.af.mil

Project Summary:

Joby will flight test a 1/4 scale aircraft. This demonstrator will validate cruise performance predictions, assess control laws, and test manufacturing techniques. The focus is on aerodynamics, with simplified architecture for subscale testing. Flight testing of this large sub-scale demonstrator will occur in Fall 2024 at Eglin AFB in Florida.
