To Scott Palo K0UOR

Dear Scott,

In response to your change request request the IARU Satellite frequency coordination panel coordinated the following frequencies for **SPRITE**.
Up- and downlink for beacon, telemetry and telecommand 437.325 MHz with emission designator 30K0F1D with EIRP 39.49 dBm
Downlink for payload data 2402.000 MHz with emission designator 2M00G1DCN with EIRP 36.82 dBm;
Planned launch date: 13 April 2025.
Licensing administration: USA
Planned height and Orbit: Low Earth Orbit
Earth Command stations: K0UOR
IARU has coordinated frequencies in a bands allocated to the amateur satellite service. All frequencies in the amateur satellite service are shared frequencies. Please inform me about the final launch date and the API number as soon as that information becomes available.

Best wishes for a successful project.
