Transmittal No. 1113

This Transmittal is scheduled to become effective November 14, 2007.

**SECTION 1**  
**INTRODUCTION**  
**SPECIAL CONSTRUCTION CASE**  
**NC07-C052-00**

With this filing, BellSouth Telecommunications, Inc. proposes to recover the cost associated with special construction necessary to provide Dry Fiber service local loop diversity inside the following Central Offices:

1. Asheville, 24 O'Henry Avenue
2. Charlotte, 208 N. Caldwell Street
3. Greensboro, 100 South Eugene Street

Special Construction is required because facilities are not available to meet the Customer's request for duplicate facilities. The Telephone Company must construct new facilities consisting of Central Office Fiber & Ductwork inside the Central Offices. The Telephone Company has no other planned use for the facilities requested.

Because this special construction is provided in connection with a service available under an existing tariff, the customer will be charged the tariff rates for services as set forth in BellSouth's FCC Tariff in addition to the charges described herein. The charges set forth in this filing recover the costs caused by this customer's request. Workpaper I provides a summary of the charges for the service; Workpaper II provides cost details, Workpaper III provides monthly capital cost calculations, and Workpaper IV provides non-recoverables summary.

2.2 DESCRIPTION OF CHARGES

2.2.1 Nonrecurring Charge

The Nonrecurring charge is applied to recover the present worth of the monthly capital costs, calculated over the account average life of the applicable field reporting code, then spread over the

contract period. The capital costs are developed from the estimated non-recoverable investments associated with the special construction. The non-recoverable investments consist of estimated engineering and installation costs based on labor hours and labor rates, outside contractor billing and associated material. Details of this component are shown on Workpaper IV, page 1. The present worth of the capital costs is developed using the authorized cost of capital. Details of the costs supporting this component are shown on Workpaper II, page 1.

The Case Preparation Charge is applied to recover the applicable costs of the case preparation. Case preparation consists of the cost of administrative expenses associated with preparing a special construction case and the associated tariff filing. Details of the costs supporting this component are shown on Workpaper II, page 1.
