ACCESS SERVICE

6. Switched Access Service (Cont'd)6.5 Rate Categories, Applications, and Regulations (Cont'd)6.5.6 Determination of Nonpremium and Premium Rates (Cont'd)

(A) (Cont'd)

- (2) Nonpremium usage rates apply to all FGA, FGB, BSA-A or BSA-B access minutes (measured or assumed) and all 500 Access Service, 800/877/888 Access Service and 900 Access Service access minutes that originate from or terminate at end offices not equipped with equal access capabilities, except where the service is provided to AT&T. Nonpremium rates also apply to all FGA, FGB, BSA-A and BSA-B access minutes originating from or terminating to an end office subtending a centralized Telephone Company equal access tandem where the use of a 101XXXX access code is not available. All minutes of use originating from or terminating to offices in Indiana using alternate (T) technologies for equal access within a Centralized Equal Access tandem network described in Section 15 will be charged nonpremium rates.

Where originating and/or terminating measurement capability does not exist for FGA, FGB, BSA-A or BSA-B provided to an entry switch, the number of access minutes that will be assumed are as set forth in Section 6.6.

(B) Transition Billing Arrangement

- (1) When FGA, FGB, BSA-A or BSA-B Switched Access Service provided to an entry switch (i.e., dial tone office for FGA or BSA-A and Telephone Company access tandem for FGB or BSA-B) has usage originating from and/or terminating at both end offices that have been converted to equal access and end offices that have not been converted, the premium and nonpremium rates will apply in the following manner:
- (2) All access minutes that originate from or terminate at the equal access end office(s) will be billed at premium rates. Access minutes that originate from or terminate at end offices not equipped with equal access capabilities, and those end offices subtending a centralized Telephone Company equal access tandem as specified in (A)(2), hereinafter, referred to as nonpremium access minutes, will continue to be billed at nonpremium rates. Nonpremium usage rates will apply as follows depending on the type of service.
- (3) The number of non-premium access minutes to be billed at nonpremium rates is derived by subtracting the number of premium rated access minutes from the total number of access minutes.
