With this filing, NBTC is proposing to withdraw certain broadband transmission services from its F.C.C. Tariff No. 1, as required by the Commission upon use of the forbearance relief pursuant to FCC Memorandum Opinion and Order No. 07-180 (the “*Order*”), released October 12, 2007.

The *Order* granted relief for all of the optical and packet switched broadband transmission services currently offered by the AT&T Operating Companies (e.g., Frame Relay, ATM, Ethernet, Remote Network Access, SONET, Optical Network and Wave-Based services), with the exception of certain Frame Relay and ATM services operating below 200 Kbps in each direction. The *Order* does not grant forbearance with respect to traditional, TDM-based DS-1 and DS-3 transmission services, nor to any services that do not provide a transmission capability of over 200 kilobits per second in each direction. This filing proposes to implement the relief granted by the *Order*.

This filing includes additional items to the Broadband Forbearance Filing that was filed in F.C.C. Tariff No. 1 on January 24, 2008, with an effective date of February 8, 2008.
