ACCESS SERVICE

17. Rates and Charges (Cont'd)

17.5 Special Access Service (Cont'd)

17.5.8 High Capacity Service

(D) The Company will waive the early discontinuance charge specified in Section 7.2.8(A) (3) provided the customer maintains, in service, at least 90 percent of the interstate and intrastate circuits of a particular service type. The early discontinuance charge will be determined as follows.

(N)

1. On July 1 of each year, the Company will count the total number of circuits (intrastate and interstate) for each service type (e.g., DS1, DS3) in service by a customer. This will be the base circuit count for the next annual period, i.e. July 1 through June 30.
2. Each time a circuit subject to an interstate early discontinuance charge is terminated, the Company will do the following:
 - (a) Count the number of intrastate and interstate circuits of the circuit type remaining in service.
 - (b) If the number remaining in service is below 90 percent of the base circuit count an early discontinuance charge will apply to each interstate circuit below the 90 percent base that is being discontinued.
3. As an example, if a customer has 100 DS-1 intrastate and interstate circuits on July 1 and discontinues 5 interstate circuits during the following twelve month period, all early discontinuance charges will be waived. If, on the other hand, the customer discontinues 12 interstate circuits during the same period, the discontinuance charge will be waived with respect to the first 10 circuits, but the charge will apply to the eleventh and twelfth discontinued circuit.
4. This waiver provision will not apply to any customer that did not have any intrastate or interstate circuits on July 1 of the preceding annual period.
