Service Description: Verizon is providing Special Construction facilities for Verizon Wireless. Verizon Wireless has specifically requested that standard access services be delivered to a non-standard premise (eg., power tower, billboards, etc.). This arrangement will provide special access service via a new facility to Site # **W Little Creek** @ 1485 International Terminal Blvd., Norfolk, VA 23505. In order to provide service, Verizon will exceed the conditions (exceeding 3000 feet of cable and/or \$1,000.00 of contracting services) of the Non-Standard Premises Connection charge.
