The *Order* granted relief for all of the optical and packet switched broadband transmission services currently offered by the AT&T Operating Companies (e.g., Frame Relay, ATM, Ethernet, Remote Network Access, SONET, Optical Network and Wave-Based services), with the exception of certain Frame Relay and ATM services operating below 200 Kbps in each direction. This filing implements the relief granted by the *Order*.

This filing includes additional items to the Broadband Forbearance Filing made in F.C.C. Tariff No. 1 on January 24, 2008, with an effective date of February 8, 2008.
