**INTERSTATE INTRALATA MESSAGE TELECOMMUNICATIONS SERVICE****3. Service Classifications and Rates (Two-Point) (Cont'd)****3.1 Interstate IntraLATA Service - Schedule I (Cont'd)****(C) Rate and Charge Application (Cont'd)****(9) Charges Paid for by Coin Deposits in a Public or Semi-Public Coin Telephone**

The charge for a call paid for by coin deposit in a public or semi-public coin telephone is the sum, rounded to the nearer multiple of \$.05, of the appropriate Operator-Assisted service period initial and additional minute charges.

**Payphone Use Charge**

The \$.50(l) Payphone Use Charge applies to each completed non-sent paid call originating from a payphone. The charge is a cost recovery mechanism that permits the Local Exchange Carrier to recover the cost of per-call compensation to Payphone Service Providers from the end user.

**(10) Call Forwarding****Charges**

The charges for forwarded calls may be comprised of three charges: two separate message charges; (i) a charge for that portion of the call from the originating station to the call forwarding location, if applicable, (ii) the Dial Station charge for that portion of the call from the call forwarding location to the terminating station designated by the Customer, and (iii) a monthly and a nonrecurring charge for Call Forwarding or Remote Call Forwarding provided by the Telephone Company as set forth in the Telephone Company's General and Local Exchange Service Tariff.

The respective charge for each such portion (i), (ii), shall be either the rate specified in this tariff or the rate specified in the Exchange Service Tariff or the intrastate message telecommunications service tariff of the Telephone Company, which is applicable for the type of call involved in each portion of the forwarded call.

On a Person-to-Person, Operator Station or Customer Dialed Calling Card Station call other than collect, the originating subscriber is charged the respective Person-to-Person, Operator Station or Customer Dialed Calling Card Station rate for the portion covered in (i) preceding. The charge for the portion of the call described in (ii) preceding is the Dial Station rate and charged to the call forwarding Customer.

On a collect call placed to a call forwarding directory number, the collect charges apply to the portion of the call between the rate center of the originating number and the rate center of the call forwarding location, but the portion between the rate center of the call forwarding location and the terminating rate center of the Customer will be billed at the Dial Station rate.

On a Person-to-Person or collect call that is not accepted the terminating subscriber will be charged the Dial Station rate in effect for the portion of the call described in (ii) preceding.

Applies to all calls made from points within the LATA to interstate Directory Assistance. Up to two requests may be made on each call to Directory Assistance. Directory Assistance personnel cannot complete a call to a requested telephone number. A Complementary Call Allowance may apply as specified in (2) following.

Operator Service Charges (i.e., Operator Station, Customer Dialed Call Card Station) do not apply to calls to Directory Assistance. Person-to-Person or Collect Calls to Directory Assistance are not permitted.

**(1) Rate**

Per call - \$1.99(l)

**(2) Complimentary Call Allowance**

Directory Assistance Customers will be entitled to up to two free Directory Assistance calls per billing period for each main billed account when at least the same number of interstate IIMTS calls provided by this Company are also billed to that main billed account during that billing period. Calls to Directory Assistance or IIMTS calls originated at a public or semi-public coin phone for which the charges are paid by depositing coins or IIMTS calls originated at and charged to a hotel, motel, or hospital guest extension are not counted for purposes of determining the Complimentary Call Allowance. The Complimentary Call Allowance will be determined at the end of the billing period and will be applied to the Customer's bill for that billing period. A Complimentary Call cannot be carried forward for application to the next bill or applied retroactively to a previous bill.
