INTERSTATE INTRALATA and CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)2.1 Undertaking of the Telephone Company (Cont'd)2.1.2 Availability of Service

- (A) The use and restoration of service shall be in accordance with Part 64 Subpart D of the FCC's Rules and Regulations, which specifies the priority system for such activities. (x)
- (B) Subject to compliance with the above mentioned rules, where a shortage of service components exists at any time either for temporary or protracted periods, the establishment of IMTS and CMTS shall take precedence over all other services. (x)
- (C) Service is furnished subject to the availability of the service components required. The Telephone Company will (1) determine which of those components shall be used and (2) make modifications to those components at its option.
- (D) When connections are made to Customer or Other Carrier-provided Communications Systems at a Premises where the Customer does not originate or terminate communications, the Telephone Company may require that the Exchange telephone service be furnished from a Telephone Company central office(s) different than the central office(s) designated by the Telephone Company to serve that Premises.

2.1.3 Limitations on Duration of Connections

The Telephone Company reserves the right to limit the duration of connection when necessary because of a shortage of service components caused by emergency conditions.

INTERSTATE INTRALATA and CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

2. REGULATIONS (Cont'd)2.3 Obligations of the Customer

- (A) The calling parties shall establish their identity in the course of any communication as often as may be necessary.
- (B) The calling party shall be solely responsible for establishing the identity of the person or persons with whom connection is made at the called Station or Stations.
- (C) Each Aggregator must be in compliance with the requirements in subsection (c) of the "Telephone Operator Consumer Services Improvement Act of 1990" by adhering to the following guidelines when making telephones available for use by the public or transient users:
 - (1) Post on or near the telephone instrument, in plain view of the consumer, the following information:
 - (a) The name and address of the provider of operator services.
 - (b) A written disclosure that the rates for all operator-assisted calls are available on request, and that consumers have a right to obtain access to the interstate common carrier of their choice and may contact their preferred interstate common carrier for information on accessing that carrier's service using that telephone.
 - (c) The name and address of the Enforcement Bureau of the FCC, to which the consumer may direct complaints regarding operator services.
 - (2) Ensuring that each of its telephones presubscribed to a provider of operator services allows the Customer to use "800" and "950" access code numbers to obtain access to the provider of operator services desired by the consumer.
 - (3) Ensuring that no charge by the Aggregator to the consumer for using an "800" or "950" access code number, or any other access code number, is greater than the amount the Aggregator charges for calls placed using the Presubscribed Provider of Operator Services.
 - (4) Each Aggregator for which the Telephone Company is the Presubscribed Provider of Operator Services must comply with Section 226 of the Communications Act of 1934 and subsequent amendments.

2. REGULATIONS (Cont'd)2.6 Connections2.6.1 General

Equipment and Systems (i.e., terminal equipment, Multiline Terminating Systems and Communications Systems) may be connected with IMTS or CMTS furnished by the Telephone Company where such connection is made in accordance with the provisions specified in Technical Reference Publication AS No. 1, and in Sections 2.1 through 2.4 preceding, and must comply with Part 68 of the FCC rules and regulations.

(x)

2.7 Connections of Other Common Carrier-Provided Communications Systems2.7.1 General

Other Common Carrier (OCC)-provided Communications Systems may be connected to IMTS or CMTS as specified in this section:

(A) Responsibility of the Customer

- (1) The Customer is responsible for making arrangements with the OCC for the installation, operation and maintenance of any OCC-provided Communications System. The connection of the other Common Carrier-provided Communications System to IMTS or CMTS shall not require a change in or alteration of the equipment or services of the Telephone Company; cause electrical hazards to Telephone Company personnel; damage to Telephone Company equipment; malfunction of Telephone Company billing equipment; or degradation of service to persons other than the user of the Communications System, or his calling or called party.
- (2) Upon notice from the Telephone Company that the OCC-provided Communications System is causing such hazard, damage, malfunction or degradation of service, the Customer shall arrange with the OCC to make any changes necessary to remove or prevent such hazard, damage, malfunction or degradation of service.
