

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT)

3.1 Message Telecommunications Service3.1.1 Application

Service between two points in the Corridor is furnished as set forth in 3.1.2 and 3.1.3 following.

Service between three or more points (Conference Service) is furnished as set forth in 4.1 following.

3.1.2 Mileage Measurement(A) Mileage Determination

Airline mileages between rate centers are determined as provided following.

In general, each point in the Corridor is designated as a rate center except that certain small towns or communities are assigned adjacent rate centers with which they are closely associated for communication purposes or by community of interest and in a few of the largest cities there are several rate centers further identified as city zones.

(1) Where a Point is Divided into City Zones

- the rate airline mileage is measured between the rate center of the city zone and the rate center of the other point, except that when such mileage exceeds 40 miles, the rate airline mileage is measured between the rate center of the master zone and the rate center of the other point with a minimum of 41 miles being applicable.

(2) Where Both Points are Divided into City Zones

- the rate airline mileage is measured between the rate centers of the city zones, except that when such mileage exceeds 40 miles the rate mileage distance is measured between the rate centers of the master zone with a minimum of 41 miles being applicable.

(3) The rate centers in this tariff are arranged alphabetically by rate center within the 215 NPA and 609 NPA.

(4) The columns headed "V" and "H" contain the vertical and horizontal coordinates for each rate center.

(This page filed under Transmittal No. 4)

Issued: January 9, 2001

Effective: January 24, 2001

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT)

3.1 Message Telecommunications Service (Cont'd)3.1.2 Mileage Measurement (Cont'd)(A) Mileage Determination (Cont'd)

(5) For the purpose of determining airline mileages, vertical and horizontal grid lines have been established across the State of Pennsylvania and the State of New Jersey. The spacing between adjacent vertical grid lines and between horizontal grid lines represents a distance of one coordinate unit. This unit is the square root of 0.1, expressed in statute miles. A vertical (V) and a horizontal (H) coordinate is computed for each rate center from its latitude and longitude location by use of appropriate map-projection equation. A pair of V-H coordinates locates a rate center, for determining airline mileages, at a particular intersection of an established vertical grid line with an established horizontal grid line. The distance between any two rate centers is the airline mileage computed between their respective coordinate intersections as explained following.

(6) To determine the rate distance between any two rate centers proceed as follows:

- (a) Obtain the "V" and "H" coordinates for each rate center.
- (b) Obtain the difference between the "V" coordinates of the two rate centers. Obtain the difference between the "H" coordinates.

Note: The difference is always obtained by subtracting the smaller coordinate from the larger coordinate.

- (c) Divide each of the differences obtained in (b) by three, rounding each quotient to the nearer integer.
- (d) Square these two integers and add the two squares.

If the sum of the squares is greater than 1777, divide the integers obtained in (c) by three and repeat step (d). Repeat this process until the sum of the squares obtained in (d) is less than 1778.

(This page filed under Transmittal No. 4)

Issued: January 9, 2001

Effective: January 24, 2001

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)

3.1.2 Mileage Measurement (Cont'd)

(A) Mileage Determination (Cont'd)

(6) (Cont'd)

(e) The number of successive divisions by three in steps (c) and (d) determines the value of "N". Multiply the final sum of the two squares obtained in step (d) by the multiplier specified in the following table for this value of "N" preceding:

<u>N</u>	<u>Multiplier</u>	<u>Minimum Rate Mileage</u>
1	0.9	-
2	8.1	41
3	72.9	121

(f) Obtain square root of product in (e) and, with any resulting fraction, round up to next higher integer. This is the message rate mileage except that when the mileage so obtained is less than the minimum rate mileage shown in (e) preceding, the minimum rate mileage corresponding to the "N" value is applicable.

Example:

The message rate distance is required between Haddonfield, New Jersey, and Philadelphia, Zone 1 Pennsylvania

	<u>V</u>	<u>H</u>
Haddonfield	5248	1435
Philadelphia	<u>5251</u>	<u>1458</u>
difference	3	23

(This page filed under Transmittal No. 4)

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)

3.1.2 Mileage Measurement (Cont'd)

(A) Mileage Determination (Cont'd)

(6) (Cont'd)

(f) (Cont'd)

Example: (Cont'd)

dividing each difference by three and rounding to nearer integer = 1 and 8

squaring integers and adding, $1 \times 1 = 1$
 $8 \times 8 = 64$
sum of squared integers $\frac{65}{65}$

Multiply final sum of squared integers 65
by factor 0.9 (corresponding to "N" = 1) $\times 0.9$
 $= 58.5$

Square root of 58.5 = 7 and a fraction, which is rounded up to 8 miles (fractions being considered whole miles). The message rate mileage is 8 miles.

(D) Rate Determination

Rates applicable for the mileages obtained are as provided in 3.1.3(F) (1) following.

3.1.3 Rate and Charge Application(A) Classes of Service

- (1) Service is offered on a Dial Station, Customer Dialed Calling Card Station, Operator Station or Person-to-Person basis.
- (2) In order to control fraud, the Company may refuse to accept Calling Cards which it determines to be invalid and/or may limit the use of Calling Cards to or from all or part of the Corridor.

(This page filed under Transmittal No. 4)

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)3.1.3 Rate and Charge Application (Cont'd)(B) Initial Minute, Additional Minutes, Services Charges and Rate Periods

Rates are stated in terms of initial minute, additional minutes and service charges in the Rate Table in (F), following.

(1) Initial Minute

Initial minute rates are for connections of one minute or any fraction thereof.

(2) Additional Minutes

Additional minute rates are for each additional minute or any fraction thereof that the connection continues beyond the initial minute.

(3) Dial Station

Only initial minute and additional minute rates apply.

(4) Customer Dialed Calling Card Station, Operator Station and Person-to-Person

Initial minute and additional minute rates apply in addition to a Service Charge.

(5) Service Charge

A Service Charge applies to each Customer Dialed Calling Card Station, Operator Station or Person-to-Person call. This charge is added to the initial minute and additional minute charges.

(6) Rate Periods

Day Rate Period is in effect Monday through Friday (8:00 am - 5:00 pm).

Evening Rate Period is in effect Monday through Friday, and Sunday (5:00 pm - 11:00 pm).

(This page filed under Transmittal No. 4)

Issued: January 9, 2001

Effective: January 24, 2001

3.1 Message Telecommunications Service (Cont'd)3.1.3 Rate and Charge Application (Cont'd)(B) Initial Minute, Additional Minutes, Services Charges and Rate Periods (Cont'd)(6) Rate Periods (Cont'd)

Night and Weekend Rate Period is in effect at all other times.

These rate periods are depicted on a chart illustrated in 3.1.3(F) following.

(C) Rates Applicable for Hearing or Speech Impaired Persons(1) Application

Persons who have been certified in writing by a licensed physician, audiologist, speech pathologist, or appropriate State or Federal agency as having a hearing or speech impairment which precludes oral communications and who have and use a telecommunications device for visual communications, will receive a day and evening adjustment on Direct Dialed Station-to-Station calls which do not require the intervention of an operator. The adjustment is applied to the rate table in (F) according to the following:

(a) Calls placed during the day rate period will be charged at the evening rate.

(b) Calls placed during the evening rate period will be charged at the night rate.

(2) Certification

The written certification of the speech or hearing impairment must be presented to the Telephone Company Business Office which serves the residence of the certified person.

The Telephone Company Business Office, upon request, will provide a certification form for use by the applicant.

(Cont'd)

(3) Limitations

The adjustment is provided for use by the speech or hearing impaired Customer. It is only applicable to CMTS charges for calls originated from and billed to the telephone exchange service of the residence of the certified speech or hearing impaired person. The adjustment is applicable to only one telephone exchange service for a person or at a residence.

(D) Reversal of Charges (Collect Calls)

Collect calls are permissible for all Corridor telephone calls except messages to which Dial Station rates apply.

The regularly established Operator Station or Person-to-Person rates apply.

(E) Rates Applicable on Certain Holidays

On New Year's Day, Martin Luther King Day, Presidents' Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day and Christmas Day, the rate applicable is the Evening rate, unless a lower rate would normally apply.

(1) Residence Class of Service Dial Station Rates:

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)3.1.3 Rate and Charge Application (Cont'd)(G) Charges Paid for by Coin Deposits in a Public or Semi-Public Coin Telephone

The charge for a call paid for by coin deposit in a public or semi-public coin telephone is the sum, rounded to the nearer multiple of \$.05, of the appropriate initial minute rate and additional minute charges.

(H) Call ForwardingCharges

The charges for forwarded calls may be comprised of three charges: two separate message charges; (i) a charge for that portion of the call from the originating station to the call forwarding location, if applicable, (ii) the Dial Station charge for that portion of the call from the call forwarding location to the terminating station designated by the Customer, and (iii) a monthly and a nonrecurring charge for Call Forwarding or Remote Call Forwarding provided by the Telephone Company as set forth in the Telephone Company's local general services tariffs.

The respective charge for each such portion (i), (ii), shall be either the rate specified in this tariff or the rate specified in the local general services tariffs or the intrastate Message Toll Telephone Service Tariff of the Telephone Company, which is applicable for the type of call involved in each portion of the forwarded call.

On a Person-to-Person, Operator Station or Customer Dialed Calling Card Station call other than collect, the originating subscriber is charged the respective Person-to-Person, Operator Station or Customer Dialed Calling Card Station rate for the portion covered in (i) preceding. The charge for the portion of the call described in (ii) preceding is the Dial Station rate and charged to the call forwarding Customer.

(This page filed under Transmittal No. 4)

Issued: January 9, 2001

Effective: January 24, 2001

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)3.1.3 Rate and Charge Application (Cont'd)(H) Call Forwarding (Cont'd)Charges (Cont'd)

On a collect call placed to a call forwarding directory number, the collect charges apply to the portion of the call between the rate center of the originating number and the rate center of the call forwarding location, but the portion between the rate center of the call forwarding location and the terminating rate center of the Customer will be billed at the Dial Station rate.

On a Person-to-Person or collect call that is not accepted the terminating subscriber will be charged the Dial Station rate in effect for the portion of the call described in (ii) preceding.

3.1.4 Promotional Offerings

A Promotional offering is a special arrangement presented to prospective Customers as an inducement to use a Telephone Company service. The offering will be limited to certain dates, times and/or locations. The specific terms and conditions applicable to each Promotional Offering will be filed through the use of a supplement to this tariff no later than 10 days after the end of the month in which a promotional offering takes place.

3.1.5 Directory Assistance Charge

Applies to all calls made from points within the Corridor to the appropriate interstate Directory Assistance. Up to two requests may be made on each call to Directory Assistance. The Directory Assistance Charge applies whether or not the Directory Assistance bureau furnishes the requested telephone number(s) (e.g., where the requested telephone number is assisted, private or no record can be found). Directory Assistance personnel cannot complete a call to a requested telephone number. A Complimentary Call Allowance may apply as specified in (B) following.

Operator Service Charges (i.e., Operator Station, Customer Dialed Calling Card Station) do not apply to calls to Directory Assistance. Person-to-Person or Collect Calls to Directory Assistance are not permitted.

(This page filed under Transmittal No. 4)

Issued: January 9, 2001

Effective: January 24, 2001

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)3.1.5 Directory Assistance Charge (Cont'd)(A) Rate

Per call - \$. 60

(B) Complimentary Call Allowance

Directory Assistance Customers will be entitled to up to two free Directory Assistance calls per billing period for each main billed account when at least the same number of CMTS calls provided by this Company are also billed to that main billed account during that billing period. Calls to Directory Assistance, or CMTS calls originated at a public or semi-public coin phone for which the charges are paid by depositing coins, or CMTS calls originated at and charged to a hotel, motel, or hospital guest extension are not counted for purposes of determining the Complimentary Call Allowance. The Complimentary call Allowance will be determined at the end of the billing period and will be applied to the Customer's bill for that billing period.

A Complimentary call cannot be carried forward for application to the next bill or applied retroactively to a previous bill.

(C) Handicapped Exemption

Charges for Interstate Directory Assistance Service are not applicable to handicapped customers on the following types of D.A. calls:

calls placed from residence dial tone lines where a member of the customer's household has been certified by a registered physician or a designated agency as unable to use a directory because of a visual or physical handicap, or from the business dial tone line of a certified handicapped customer where assistance is otherwise not available.

(This page filed under Transmittal No. 4)

Effective: January 24, 2001

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)3.1.5 Directory Assistance Charge (Cont'd)(D) Credit

A credit will be given for calls to Directory Assistance when:

- the Customer experiences poor transmission or is cut-off during the call,
- the Customer is given an incorrect telephone number, or
- the Customer inadvertently misdials (e.g., the caller dialed 605-555-1212 when they intended to dial 609-555-1212).

To receive the credit, the Customer must notify a Company operator or Business Office of the problem experienced.

(This page filed under Transmittal No. 4)

Issued: January 9, 2001

Effective: January 24, 2001

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)3.1.6 Optional Calling Plans(A) Consumer Opportunity Savings Plan

This Optional Calling Plan is available only as a Corridor service. The minimum payment period for this plan is one month.

This plan, available only to Residence customers from the effective date of this service to February 15, 1995, allows a participating customer the option of obtaining special rates for all Dial Station calls. Customers choosing to participate in this service must call their local Residence Service Center.

When the customer's total direct dialed toll Corridor usage revenue reaches a level of \$20.00 or more during a monthly billing period, a 20% discount will be applied to the customer's total direct Dial Station toll usage.

The 20% discount as specified in this tariff will only apply to the customer's Corridor usage. For example, a customer's total direct dialed toll Corridor usage (Interstate IntraLATA, Intrastate IntraLATA) is \$60.00 for a given thirty day billing period. \$40.00 of usage is Corridor usage and \$20.00 of usage is Intrastate IntraLATA. The 20% discount will be applied to the \$40.00 Corridor usage for that thirty day billing period.

This optional calling plan applies to all Residence lines associated with a Main Billing Account. Usage from all Residence lines will be accumulated and billed as if a multiline Customer were a single account.

(This page filed under Transmittal No. 4)

Issued: January 9, 2001

Effective: January 24, 2001

CORRIDOR MESSAGE TELECOMMUNICATIONS SERVICE

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)3.1.6 Optional Calling Plans (Cont'd)(A) Consumer Opportunity Savings Plan (Cont'd)

For billing purposes each month is considered to have 30 days. When the date that this optional calling plan is subscribed to, changed or discontinued does not coincide with the billing date, charges which are based upon monthly rates will be calculated to reflect the fractional part of the month service is provided. That total will then be discounted 20% to determine the charge to the customer.

Types of calls excluded from this optional calling plan include:

- Conference Service calls
- Operator dialed calling card station, Operator station, Person-to-Person, Collect, Third Number Billed, or other calls requiring operator handling
- 900 and 700 Service calls
- 976 Service calls
- Directory Assistance
- Connect Request
- Busy Line Verification
- Time of Day (0)
- Emergency Interrupt
- Measured Local Use Calls
- Local Calling Card Calls
- Toll Calling Card Calls
- Handicap Dual Party Relay

(1) Rate Periods

In cases where a message begins in one rate period and ends in another, the rate in effect at the time the connection is established applies to the initial minute. The rate for each additional minute is the rate in effect at the beginning of each additional minute of usage.

The rate periods for this Optional Calling Plan are depicted in the chart illustrated below:

Rate Period Chart

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)3.1.6 Optional Calling Plans (Cont'd)(B) Business Corridor Optional Calling Plan(1) General

The Business Corridor Optional Calling Plan (the "Plan") provides business customers with reduced rates for Interstate directly dialed station-to-station toll calls from the Pennsylvania counties of Buck, Chester, Delaware, Montgomery and Philadelphia (LATA 228) to the New Jersey counties of Burlington, Camden and Gloucester (LATA 222).

Under the Plan, customers are eligible for a month-to-month volume discount based on monthly qualifying usage.

3.1 Message Telecommunications Service (Cont'd)3.1.6 Optional Calling Plans (Cont'd)(B) Business Corridor Optional Calling Plan (Cont'd)(1) General (Cont'd)

Only billing telephone numbers (BTN) provided and billed by the Telephone Company are qualified for inclusion in this Plan. The ordering customer and another customer(s) under common ownership with the ordering customer may choose to combine BTN under a single Plan to maximize their monthly volume discount. The ordering customer must provide a written list of BTN to the Telephone Company. The ordering customer will be considered to be under common ownership with another customer if the ordering customer (directly or indirectly) owns or controls, or is owned or controlled by, or is under common ownership or control with, the other customer. For these purposes, the term "own" means to own an equity interest (or the equivalent thereof) of more than fifty (50) percent.

The ordering customer may request changes to the BTN list at any time by written request to the Telephone Company.

The Plan includes the Telephone Company's provisioning of Corridor Selection Service (CSS), which allows Plan customers to complete calls within the Corridor areas described above where facilities permit. CSS is an umbrella term that includes any service that eliminates the need for customers to dial the Corridor Dial-Around Code or any other access code in order to complete a Corridor Call. CSS includes, but is not limited to, the provisioning of Automatic Corridor Service (ACS), programming or re-programming of Centrex Automatic Route Selection (ARS), Virtual Private Network (VPN) Routing Control, or Stand Alone Routing Control. CSS will always provide transparent access for customers placing calls within the Corridor areas. The Telephone Company will provide CSS as a free service with no monthly or non-recurring charges.

As an alternative to complete a call under the Plan, the person originating the call can dial a uniform 7 digit access code in the form 1010BPA (1010272) before dialing the desired telephone number.

3.1 Message Telecommunications Service (Cont'd)3.1.6 Optional Calling Plans (Cont'd)(B) Business Corridor Optional Calling Plan (Cont'd)(2) Rate Regulations

- (a) Only directly dialed station-to-station calls that originate from the subscriber's telephone(s) are included in the Plan. Directory Assistance, Operator-Assisted, and Customer Dialed Calling Card calls are not included.
- (b) Evening and Night rate period discounts do not apply to calls in the Plan.
- (c) The Plan is furnished for a minimum period of one month.
- (d) A customer may subscribe to the Plan for each separately billed telephone number or a combination of BTNs as described previously.
- (e) Each call placed under the Plan will be counted as a minimum of one (1) minute of usage. Additional usage will be rounded up to the next six-second increment.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)3.1.6 Optional Calling Plans (Cont'd)(C) Verizon Prepaid Calling Card ServiceGeneral

Verizon Prepaid Calling Card Service provides additional payment options to customers who need to make calls within and outside of the Corridor. The prepaid Card will be used for toll calls and can be used at any phone with touch tone capabilities. Customers will be able to purchase the prepaid Card from various retail outlets throughout the Telephone Company region. All InterLATA toll calls will be carried by the selected Interexchange Carrier ("IXC"). The Telephone Company will negotiate in a nondiscriminatory manner with all IXCs who wish to provide service for calls made using the Verizon Prepaid Calling Card Service. The prepaid Card will be available in \$5, \$10, and \$20 denominations.

Service Description

In order to activate the prepaid Card, customers should refer to the set of instructions contained on each card purchased. The customer will be instructed to dial a designated 800 number, the specified card authorization code found on the card, and the desired telephone number. Voice prompts will instruct the customer if any of the numbers entered are invalid. Once the system confirms that all of the numbers are valid, the call will be processed. At the start of the call, the customer will be advised of the time available on the card. The time available on the card will decrease automatically during the call at the established rate per minute. The customer will be given a "one minute warning" indicator that the card is only valid for approximately one additional minute. Customers can combine minutes from partially used cards to ensure that the entire value of the card is consumed. The call will be terminated when the value of the card is exhausted. At that time, customers may choose to end the call or elect to combine the value of partially used cards to continue the call. Voice prompts will instruct the customer as to the proper method of combining cards.

The rate for the Verizon Prepaid Calling Card service will apply to all applicable minutes regardless of the time of the call.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)3.1.6 Optional Calling Plans (Cont'd)(D) Verizon Calling Card Credit

The Calling Card Credit service allows a participating customer the option of obtaining credits for calls made using the Verizon Calling Card. This service is available to all Pennsylvania residential customers who respond to a direct mail piece or who request to participate by contacting their Residence Service Center.

Customers who qualify will receive a credit for Calling Card calls placed over the Telephone Company network. Customers will receive a dollar credit equal to billed charges on their Calling Card calls up to the maximum shown below.

A qualifying customer is any customer with residential service in the Pennsylvania serving area who elects to request this service, obtains or has a Verizon Calling Card, and uses the Verizon Calling Card to complete at least one Corridor toll call over the Telephone Company's network during the service period.

This credit offer is based on total usage charges, both interstate and intrastate intraLATA MTS, except where an intrastate tariff provides for such a credit offer, in which case the intrastate usage will be applied to the intrastate offer for purposes of applying a credit.

	<u>Maximum Applicable Credit</u>
Pennsylvania	\$6.22

This offering expires July 31, 1996.

3. SERVICE CLASSIFICATIONS AND RATES (TWO-POINT) (Cont'd)

3.1 Message Telecommunications Service (Cont'd)3.1.6 Optional Calling Plans (Cont'd)(E) Calling Card and Collect Single Rate Service(1) General

Calling Card and Collect Single Rate Service is an optional station-to-station service where the customer dials a special access number and then follows instructional prompts to complete a Calling Card Customer-Dialed or Collect Customer-Dialed Interstate IntraLATA toll call without the aid of an operator.

(2) Regulations

(a) For each completed Calling Card Customer-Dialed call, the customer will be billed the applicable call surcharge and per minute rate as specified in (3) following.

(b) For each completed Collect Customer-Dialed call, the following applicable per call surcharge and per minute rate as specified in (3) following will be billed to the called party's designated line after acceptance of the collect call.

(3) Rates and Charges

The following rates are applicable at all times.

	<u>Per Call Surcharge</u>	<u>Per Minute</u>
(a) Calling Card Customer-Dialed	\$0.75	\$0.15
(b) Collect Customer-Dialed	1.75	0.15
