INTERSTATE INTRALATA MESSAGE TELECOMMUNICATIONS SERVICE**4. Mobile Radiotelephone Services**

Interstate IntraLATA Message Telecommunications Service may be provided in conjunction with Public Land or Maritime Mobile Radiotelephone services.

4.1 Application

Public Land Mobile Radiotelephone service is provided through base stations of the Verizon Telephone Companies, Connecting Carriers (other than Miscellaneous Common Carriers) and Concurring Carriers. Two-way communication service is furnished through radiotelephone Base Stations listed in 4.2 following, between a vehicle and a point located outside the land mobile service area associated with such Base Station.

Maritime Mobile Radiotelephone Service is a two-way communication service furnished through land radiotelephone stations (VHF Service Stations listed in 4.2 following). These stations are licensed to provide a maritime mobile service which is primarily of a local character.

4.1.1 Rate and Charge Application

- (A) Rates for IIMTS service used in conjunction with Mobile Radiotelephone Services are based on airline mileage between rate centers as set forth in AT&T Communications Tariff FCC No. 10. For service between a point in the LATA and a vehicle served through a Base Station in the LATA listed in 4.2 following, the mileage is measured between the rate center of the point and the rate center of the Base Station serving the vehicle in accordance with the provisions of 3.3.1 preceding.

For service involving a ship served through a VHF Service Station and another point in the LATA, mileage is measured between the rate center of the point and the rate center of the VHF Service Station in accordance with 3.3.1 preceding.

- (B) For service involving a mobile radiotelephone and a ship served through a VHF Service Station, mileage is measured between the rate center of the Base Station serving the vehicle and the rate center of the VHF Service Station.

Rates for the mileage obtained as set forth in (A) preceding between the applicable rate center and the rate center of the serving Base Station or VHF Service Station, are the same as those set forth in 3.4 preceding. Rate Regulations applicable are those specified in 3. preceding.

Effective: January 25, 2001

4. Mobile Radiotelephone Services (Cont'd)

4.1 Application (Cont'd)

4.1.1 Rate and Charge Application (Cont'd)

- (C) For calls to or from a mobile station served through a base station prefixed by an asterisk (*) (listed in 4.2 preceding), in addition to the charges specified in this tariff, the mobile usage charge listed in the Exchange Mobile Service Tariff of the Telephone Company or appropriate connection company will apply. Such mobile usage charges will be billed to and collected from the mobile customer.
- (D) In addition to charges set forth in this tariff, for calls to a ship served through a VHF Service Station, additional charges of the VHF service station provider or connecting company may apply.

Effective: January 25, 2001
