

DESCRIPTION & JUSTIFICATION

With this filing Cincinnati Bell Telephone (CBT) proposes to make text corrections in Section 6, Switched Access and Section 7, Special Access. These text changes appear in the rate page footnotes. CBT is making text changes in Section 19, changing the name of the service from LAN Advantage Service to Cincinnati Bell Ethernet Service. CBT also proposes to make USOC changes to existing rate elements in Section 23, Pricing Flexibility Special Access Service. Finally, CBT proposes a rate correction for the Frame Relay 128 Kbps NNI Port in Section 23, Pricing Flexibility Special Access Service. This filing has no revenue impact.
