ACCESS SERVICE

1. Application of Tariff

- 1.1 This tariff contains rates and charges applicable to the provision of Switched Access, Special Access, and other miscellaneous services, hereinafter referred to collectively as service(s), provided by West River Telecommunications Cooperative, also referred to as the Issuing Carrier(s), to customer(s). This tariff references the National Exchange Carrier Association (NECA) Tariff FCC No. 5 for the Users Guide, Reference to Technical Publications, General Regulations, Federal Universal Service Charges, ISDN and DS1 Line Port Services, End User Access, Switched Access, Special Access, Access Ordering and other miscellaneous services. (C)
(T)
- 1.2 The provision of such services by the Issuing Carrier(s) as set forth in this tariff does not constitute a joint undertaking with the customer for the furnishing of any service. (T)
- 1.3 The use of any service provided by the Issuing Carrier(s) shall constitute an order for service and the user of the service is obligated to pay the Issuing Carriers for that service in accordance with the provisions of this tariff. (T)

ACCESS SERVICE

6. Switched Access Service

See NECA Tariff FCC No. 5, Section 6, with the following exception for West River Telecommunications Cooperative: (C)

6.1 General

6.1.3 Rate Categories

(A) Local Transport

(3) Tandem Switched Transport

The Tandem Switched Transport rate elements recover a portion of the costs associated with a communications path between a tandem and an end office on circuits that are switched at a tandem switch, and between host and remote switching offices.

The Tandem Switched Transport rate for West River Telecommunications Cooperative consists of a Tandem Transport rate.

The Tandem Transport rate specified in Section 19 following is applied on a per access minute basis for all originating and terminating minutes of use routed over the facility for each measured segment of the Tandem Switched Transport; i.e., remote office to host office, end office to serving wire center, or end office to tandem. This rate applies from host office to remote office, even when Direct Trunking is ordered from the serving wire center to the host office. (N)

(C) Application of Charge(s)

This charge is generally billed to the end user who is the subscriber to the Telephone Exchange Service. In those instances where the Interexchange Carrier (IC) both requests the PIC change and requests that the associated charge be billed to it, the Company will bill the IC. In the event the subscriber is incorrectly presubscribed due to misassignment on the part of the Company, no charge shall apply. In the event the subscriber denies requesting a PIC change, the Company will credit the subscriber's account for the change charge associated with the alleged unauthorized change, if such charge was billed to the subscriber.
