RE: Tariff Filing, Consortia Consulting, FRN 0008-9378-07

Transmittal No. 6

Dear Ms. Dortch:

The accompanying tariff material submitted by Consortia Consulting (the "Company") is issued to you for filing under the authority of Special Permission No. 09016.

Transmittal No. 5 filed on June 16, 2009, with an effective date of July 1, 2009, added West River Telecommunications Cooperative (West River) as an issuing carrier of Consortia Consulting Tariff FCC No. 1. This filing did not enumerate West River's End User Access Service charges; however, since West River is not a member of the National Exchange Carrier Association's (NECA's) End User Access pool for its North Dakota study area, the charges for its End User Access Service need to be enumerated in the tariff. On June 26, 2009, the Company, in its Application No. 1, sought a waiver of Sections 61.58 and 61.59 of the Commission's Rules in order to file revisions to its Tariff FCC No. 1 to add West River's End User Access Service charges and add rate references for its ISDN and DS1 Line Port charges (also omitted from the June 26, 2009 filing), effective July 1, 2009. Such application was granted (See above-referenced Special Permission No. 09016.); therefore, the company herein submits revised tariff pages reflecting these changes effective July 1, 2009.

This filing is being made electronically, including FCC Form 159 and the statutory processing fee of \$815.00.

All correspondence and inquiries regarding the filing should be addressed to:
