In this filing Qwest is changing the Regional Commitment Program (RCP) language in Section 7, Private Line Transport Service, to allow DS1/DS3 Services included in an RCP to be migrated to other Company provided services at the customers request without incurring Termination Liability. The original language limited this migration to tariffed services and in light of recent broadband forbearance activities this language needs to be updated.

Supporting information discussed under Sections 61.38 and 61.49 of the Commission's Rules is, to the extent required, included in this transmittal letter.

As part of this filing Qwest is also adding eleven new special construction cases in its Tariff F.C.C. No. 2, Special Construction. Supporting information for this case, discussed under Section 61.38 of the Commission's Rules, is included in the attached Special Construction Description and Justification (D&J).
