## **7. PRIVATE LINE TRANSPORT SERVICE**

### **7.1 GENERAL**

#### **7.1.3 MULTI-PRODUCT PRICING PLANS**

##### **B. Regional Commitment Program (RCP) (Cont'd)**

##### **5. Termination Liability and Waiver Policy[1]**

- a. A discontinuance of all DS1 and DS3 Services under the RCP before the expiration date will result in the application of the Termination Liability as set forth in 7.1.8, following. The Termination Liability percentage is 50% for DS1 and DS3 Service under RCP. A decrease in the commitment level before the expiration date will also result in the application of the Termination Liability. The Waiver Policy, as set forth in 7.1.8, following does not apply to the discontinuance of all DS1 and DS3 Services under the RCP.
- b. For example, to determine the Termination Liability in 7.1.8 for a decrease in the commitment level, multiply the number of decreased circuits by the average price, then multiply the number of months remaining in the RCP and then multiply the amount by 50%. For example, a decrease of 100 DS1 Service circuits multiplied by the average price of \$380 times 10 remaining months times 50% (Termination Liability) equals \$190,000.
- c. DS1/DS3 Services included in an RCP may be migrated to other Company provided services (including without limitation, migrations due to the availability of Company replacement technologies) and the commitment level may be reduced by a number of circuits migrated to other Company provided services, at the customer's request, without incurring Termination Liability if the customer satisfies the conditions specified in the Waiver Policy, set forth in 7.1.8, following. One of the conditions of the Waiver Policy for migrations to other services is that the total value of the new service must be equal to or greater than 115% of the remaining value of the discontinued DS1/DS3 Services under the existing RCP. (C)
- d. To determine the remaining value of the DS1 and DS3 Services under RCP, multiply the number of decreased circuits by the average price, then multiply the number of months remaining in the RCP. For example, a decrease of 100 DS1 Service circuits multiplied by the average price of \$380, times 10 remaining months, times 115% (Waiver Policy) equals \$437,000. The value of the new services must be \$437,000 or greater to waive the Termination Liability. (C)
- e. If the Waiver Policy does not apply, a reduction in the RCP commitment level by the number of circuits migrated to other Tariffed services will incur Termination Liability.

[1] DS1 customers may elect to move off of RCP to a DS1 VTPP without application of RCP TLA.
