For the purposes of determining a higher order of service in all payment plans, the following ranking will be used (Analog Voice Grade (a.k.a. BellSouth SPA DS0 VG) service=lowest, Telephone Company dedicated ring service=highest⁽¹⁾):

2 - General Regulations

2.4 Payment Arrangements and Credit Allowances (Cont'd)

2.4.8 Optional Payment Plans (Cont'd)

(D) Transport Payment Plan (Cont'd)

(4) (1) Disconnects (Cont'd)

- (f) A change of jurisdiction from interstate to intrastate service constitutes a disconnection of service for which termination charges are applicable. However, if such service continues between the same serving locations, and the customer enters into a new TPP arrangement in the intrastate jurisdiction for the same or larger service capacity and associated rate elements for a service period equal to or greater than the service period remaining under the interstate TPP arrangement, no interstate termination liability charge will be applicable.

(5) Moves of Service Under TPP

- (a) Moves to a different building will be treated as a discontinuance and start of service and all associated nonrecurring charges will apply as stated in 7.4.5, 7.5.9, 23.5, 29.1.7 and 29.1.9 except as provided in 2.4.8(D)(5)(c) following. A four month minimum service period must be satisfied for all service rate elements serving the original building location.
- (b) Moves of service within the same building will not constitute a disconnection of service for purposes of the application of termination liability charges. Current month-to-month nonrecurring charges specified in 7.4.5, 7.5.9, 23.5, 29.1.7 and 29.1.9 are applicable.
- (c) Termination Liability Charges will not apply to customer requests for moves of service to a different building subject to the following conditions:
- The move from the original location to the new location must be completed within thirty days of the original premises disconnect date.
 - The move is a result of connecting one existing LightGate point of termination to a Telephone Company dedicated ring service. For all other LightGate systems, the new customer premises must be served by the same serving wire center as the original location. (N)
 - No lapse in billing will occur for moves of service under a TPP arrangement.
 - Orders to disconnect the existing service and reestablish it at the new location must be related together and received by the Telephone Company at the same time. (N)
