**1ST AMENDMENT TO THIS CONTRACT TARIFF**

AMENDMENT

AVAILABILITY: Effective from June 25, 2010 through July 25, 2010.

AMENDMENT

EFFECTIVE DATE: June 25, 2010

The customer is subject to the terms and conditions of the aforementioned contract unless specifically revised in this Amendment. This Contract Tariff Amendment introduces the Special Site Credit as set forth below:

- The customer will select 58 cell sites (Special Sites) and the Special Sites will only be eligible for the Special Site Credit. The Special Sites are not eligible to receive any Pre-Deployment Credits or Post-Deployment Credits. The Special Site Credit is a bi-annual credit that equals the total monthly recurring charges after the application of any discounts that the Company invoiced the customer during the previous six months for the actual number, up to 1.5, of DS1 circuits installed after November 20, 2009 at the Special Sites in the Eligible Markets. If customer disconnects any DS1 circuits at a Special Site and subsequently orders any new DS1 circuit(s) at such Special Site, such new DS1 circuit(s) will not be eligible for the Special Site Credit. The Special Site Credit is calculated as of each January 1 and July 1, and applied to the relevant accounts or, if the accounts have been terminated, then to other eligible accounts, within 61 days thereafter. The Special Site Credit will terminate on November 20, 2013.
- Application of the Special Site Credit

The Special Site Credit will be applied only to those DS1 service charges generated during the term of this contract tariff that are eligible for pricing flexibility in Phase I and II MSA wire centers, without regard to whether the DS1 service is provided at the customer's cell site location. The Special Site Credit will not apply while the customer has undisputed DS1 service charges, shortfall charges or termination charges in arrears for the time period in which such charges are in arrears. The Special Site Credit may not be combined with any other promotion, discount, revenue commitment plan or contract tariff offering, except that the discounts the customer may receive under an RCP or its VTPP will continue to apply.

**24. CONTRACT TARIFFS**

**24.2 CONTRACT NO. 10-006**

DESCRIPTION: Contract for DS1 and DS3 Service

CONTRACT AVAILABILITY: Effective from June 25, 2010, through July 25, 2010

CONTRACT EXPIRATION DATE: 36-Months

AVAILABLE MSAS: MSAs identified in Section 23

This contract is for 113 DS1 and DS3 circuits purchased on a 36-month Pricing Plan. A 20% discount will be given off the 36-month rates eligible for pricing flexibility. The discounted monthly rates will be frozen from Company-initiated rate changes for the entire 36-months. All other rate elements and nonrecurring charges will be billed at the respective 36-month rates set forth in this Tariff.

The following eligibility criteria must be met in order to receive this Contract Offer:

- The customer must contract at least 80% of existing inventory of 100 or more circuits.

When the entire service or a portion of the service is disconnected prior to the expiration of the fixed period service rate plan then Termination Liability and Waiver Charges (TLA) as set forth in this Tariff will apply.
