

ACS Companies 2010 Annual Access Filing

DESCRIPTION AND JUSTIFICATION

I. Introduction

A. Background

Alaska Communications Systems, Inc. hereby submits this filing in support of the upcoming 2010 Annual Access Charge Tariff Filing. This information is being filed pursuant to the Federal Communications Commission's ("Commission") 2010 TRP Order, DA 10-505, released March 31, 2010 and includes adjustments consistent with the requirements of Sections 61.41 through 61.49 of the Commission's Rules. The issuing carriers ("ACS Companies") for the ACS Companies Tariff FCC No. 1 are listed below:

Company	Study Area	COSA
ACS of Anchorage	Anchorage	AKAN
ACS of Fairbanks	Fairbanks	AKFB
ACS of Alaska	Greatland	AKGL
ACS of Alaska	Juneau	AKJU
ACS of the Northland	Glacier State	AKGS
ACS of the Northland	Sitka	AKSK

B. Waivers

The ACS Companies list below all currently applicable waivers that permit rate elements different than those specified in 47 C.F.R., Part 69.

The Commission in Order, *In the Matter of ACS of Alaska, Inc., ACS of Anchorage, Inc., ACS of Fairbanks, Inc., and ACS of the Northland Inc., Petition for Conversion to Price Cap Regulation and Limited Waiver Relief*, released April 17, 2009, DA 09-854,

Released April 17, 2009, provided the ACS Companies with the requested relief to convert its companies subject to rate-of-return regulation to price cap regulation and establish initial price cap indexes ("PCIs") for price cap baskets.

C. New Services

The ACS Companies have no new services to report for the 2010 Annual Access Tariff Filing.

II. Index and Rate Development

A. Existing Indices

The existing indices are those indices that will be in effect on June 30, 2010. See Exhibit IND-REF for transmittal numbers under which existing indices became effective.

B. PCI/ATS Development

In accordance with the Commission's Rules, the ACS Companies will target their ATS rates to 0.0095. The proposed ATS reductions and PCIs were developed with a GDP-PI factor of 0.6410%. The GDP-PI factor is based on the percentage change in the Gross Domestic Product Price Index ("GDP-PI") between the quarter ending December 31, 2009 and the corresponding quarter of the 2008 GDP-PI. See Exhibit PCI-DEV.

C. Exogenous Costs

The ACS Companies developed exogenous cost changes according to the Price Cap Rules. These exogenous costs were measured at 2009 base period level of operations and apportioned on a cost-causative basis among the price cap baskets. Exogenous cost changes and allocations are shown in Exhibit EXG.

1) Regulatory Fees

Local Exchange Companies are allowed to recover the impact of regulatory fees as an exogenous cost. The impact of regulatory fees can be found in Exhibit PCI-DEV.

2) North American Numbering Plan Fee

In the North American Numbering Plan ("NANP") Order, the Commission required all telecommunications carriers to contribute to the cost recovery for numbering administration. To remain consistent in the price cap treatment of such fees, i.e. Regulatory Fee and Telecommunications Relay Services Fee, PRTC is treating the NANP fee as an exogenous change. The impact of NANPA can be found in Exhibit PCI-DEV.

D. CMT Per Line Revenue

Rule 47 CFR 61.3(d) of the Commission's Rules and forth the calculation of the maximum SLC for residential and single-line business customers, non-primary residential, and multi-line business service categories based on the average common line, marketing and transport interconnection charge revenue ("CMT" revenue) per line. Exhibit CMT depicts the CMT per line calculation.

E. Excluded Services

Exhibit OUTPC provides a detailed listing of those services which are excluded from price cap regulation.

Filing Date: June 24, 2010
Filing Entity: AKAN - ACS Anchorage
