

**Cincinnati Bell Telephone LLC**

**Tariff FCC No. 35**

**Transmittal No. 849**

**DESCRIPTION & JUSTIFICATION**

With this filing CBT proposes to grandfather the Protected Port rate elements in Section 19 – Cincinnati Bell Ethernet Service. The Protected Ports will be grandfathered beginning August 14, 2010. Current customers will be able to maintain their service rate structure until their contract expires. Customers will continue to have the option to purchase unprotected Ethernet ports with diversity options.
