Customer shall pay CBT for Cincinnati Bell Ethernet Service at the applicable monthly rate for the type of Cincinnati Bell Ethernet Service, selected by the Customer, as indicated in Section 19.6. In addition, Customer shall pay to CBT the applicable per port nonrecurring charge set forth in Section 19.6. (T)

If Customer cancels, in whole or in part, any requested addition, rearrangement, relocation or other modification to Cincinnati Bell Ethernet Service prior to completion thereof, Customer will reimburse CBT for the actual expenses incurred by CBT in connection with such modification prior to CBT's receipt of notice of cancellation; provided, however, the amount of such reimbursement will not exceed the service, construction, installation, termination and other charges for which Customer would have otherwise been responsible.

ACCESS SERVICE

19. Cincinnati Bell Ethernet Service19.4 Rate Regulations (Con't)

Protected Cincinnati Bell Ethernet Service* gives customers protection (M)
 from equipment and network failure by designating a circuit with primary
 and secondary fiber pairs and network facing equipment redundancy. Each
 fiber pair terminates into its own individual port both at the central
 office switch and at the Company owned customer-premises equipment,
 giving each fiber pair its own connection to the Cincinnati Bell Ethernet
 Service network. In the event of a primary connection failure, traffic
 will automatically reroute to the secondary connection. The customer-owned
 equipment plugs directly into the Cincinnati Bell Ethernet Service circuit
 by a standard, single Ethernet port. The design does not include geographic
 fiber route diversity, location, or dual customer hand-offs.

Unprotected Cincinnati Bell Ethernet Service is the standard Cincinnati (M)
 Bell Ethernet Service.

19.5 Ethernet Expedite Charge (N)

When placing an Access Order for service(s) for which standard intervals
 exist, a customer may request a service date that is prior to the
 standard interval service date.

The customer may also request an earlier service date on a pending
 standard or negotiated interval Access Order. If the Telephone Company
 agrees to provide service on an expedited basis, subject to limitations
 of personnel and material, an Expedited Order Charge will apply.
