Application No. 1

Proposed CenturyLink Operating Companies
Tariff F.C.C. Nos. 1 through 10

Secretary
Federal Communications Commission
Washington, DC 20554

Attention: Competitive Pricing Division, Wireline Competition Bureau

Dear Secretary:

CenturyLink, Inc. ("CenturyLink"), a holding company owning multiple incumbent local exchange carrier subsidiaries, would like to consolidate the interstate tariffs by its subsidiaries under a single filing entity.

To accomplish this, CenturyLink proposes to cancel the existing tariffs issued by its subsidiaries and, at the same time, issue ten (10) new tariffs under the name "CenturyLink Operating Companies". The current tariffs under the names of CenturyTel Operating Companies, Madison River Telephone Company, Telephone Utilities Exchange Carrier Association and Embarq Local Operating Companies along with the proposed CenturyLink tariff numbers that will replace existing tariffs is shown on Attachment A. Organizational changes will be made to the tariffs, but no changes to rates or substantive changes to regulations will occur.

This application for special permission requests waiver of the requirements of Sections 61.52(b)(1) and (2), 61.54(c)(4), 61.54(i)(1), 61.58, 61.59 and 61.74 of Part 61 of the Federal Communications Commission's Rules in connection with the proposed issuance of CenturyLink Operating Companies Tariff (CLOC) F.C.C. Nos. 1 through 10. CenturyLink submits that a grant of this waiver is in the public interest and requests that the waiver be granted for the purposes detailed below:

CenturyLink Operating Companies

Application No. 1

February 23, 2011

Page 2

- (1) Waiver of Section 61.52(b)(1) is requested to permit CenturyLink to place the name "CenturyLink Local Operating Companies" on each tariff sheet and waiver of Section 61.52(b)(2) to permit the use of the name "CenturyLink Operating Companies" on the title page of each tariff. CenturyLink intends to include the exact legal names of the carriers covered by the tariffs in the "Issuing Carrier" sections of the tariffs. The names of the CenturyLink companies are identified in Attachment B.
- (2) Waiver of Sections 61.54(c)(4) and 61.54(i)(1) is requested to permit CLOC Tariff F.C.C. Nos. 1 through 10 to not use margin coding or other notations to show text changes, or moved material as would otherwise be required by these rules. All such changes will be non-substantive changes made to reflect organizational changes in the tariffs.
- (3) Waiver of 61.58 is request to permit CLOC Tariff F.C.C. Nos. 1 through 10 to become effective on not less than one day's notice. In this regard, it should be noted that the regulations, rates and charges contained in the CLOC Tariffs will be identical to those currently found in the corresponding CenturyTel Operating Companies, Madison River Telephone Company, Telephone Utilities Exchange Carrier Association and Embarq Local Operating Companies tariffs shown in Exhibit A and will be brought forward without changes, except for minor textual changes necessary to reflect the review page numbers, ensure consistent section headings and references, and ensure that the Table of Contents and Index conform with the body of the tariff. A waiver of Section 61.58 is also requested to allow the issuance of Supplements to each of the canceling tariffs in their entirety concurrent with the effective date of the CenturyLink Operating Companies tariffs.
- (4) Waiver of Section 61.59 is requested so that CenturyLink may make tariff filings affecting the CenturyLink tariffs during the review period and for 30 days following the tariff's effective date. However, no filing made during the review period will have an effective date prior to the effective date of the new tariffs. This waiver would permit CenturyLink to make filings that would otherwise be permitted or required, but for the 30-day minimum effective period required by § 61.59. CenturyLink does not anticipate making any such changes, but seeks this waiver out of an abundance of caution and in the absence of knowledge of what the Commission may require in the future.
- (5) Waiver of 61.74 of the Commission's rules to permit CenturyLink to continue to reference in the new tariff the same cross-references to which the Commission has previously granted a waiver or waivers of this rule, and which are not currently allowed by § 61.74.

CenturyLink submits that a grant of the requested waivers is in the public interest in that the proposed CenturyLink tariffs will carry forward the rates and regulations found in the existing tariffs for CenturyTel Operating Companies, Madison River Telephone Company, Telephone Utilities Exchange Carrier Association and Embarq Local Operating Companies, without change, while reducing the administrative burden of the companies' customers and of the Commission staff by eliminating unnecessary blank pages and sequentially renumbering each tariff section.
