With this filing, Verizon removes automated call handling for calling card, collect and billed-to-third number calls. Coincident with the effective date of this filing, a live operator will process all calling card, collect and billed-to-third number calls.

Supporting material as specified under Section 61.49 of the Commission's rules is not required for this filing. There was no Price Cap base period demand for automated call handling in the Price Cap Indices filed in the 2010 Annual Filing. Therefore, there is no impact on any of the Price Cap indices. All the elements will be removed from the Price Cap detail with the next filing requiring Price Cap support.
