The proposed revisions to Section 6.1 specify that in the absence of a negotiated interconnection agreement between an interconnecting carrier and the Telephone Company addressing the treatment of Toll Voice over Internet Protocol - Public Switched Telephone Network (VoIP-PSTN) traffic, the rates and charges for Switched Access Service specified in Section 17.2 of the tariff will apply on all jurisdictionally interstate Toll VoIP-PSTN traffic.

Modifications are also being proposed at this time to the definitions in Section 2.6 (Definitions) in order to incorporate new definitions and abbreviations into the JSI Tariff related to the proposed changes to the regulations in Section 6.

Finally, this filing also revises Section 6.3 (Obligations of the Customer) to specify the call signaling information the customer is required to transmit on traffic handed off to the Telephone Company for termination to the Telephone Company's end user subscribers.

Pursuant to Section 61.32(b) of the Commission's Rules, the original of this letter, Form 159, and a check for \$845.00 have been sent via overnight delivery to the U.S. Bank, St. Louis, Missouri, as of this date.
