TELECOMMUNICATIONS SERVICES TARIFF

---

*This tariff replaces Tariff F.C.C. No. 2 issued by Comtel Telecom Assets LP  
d/b/a Vartec Telecom, in its entirety.*

TITLE PAGE

FEDERAL COMMUNICATIONS COMMISSION  
INTERNATIONAL TELECOMMUNICATIONS TARIFF

This tariff contains the description, regulations and rates applicable to the furnishing of international telecommunications services provided by Matrix Telecom, Inc. d/b/a VarTec Telecom and Clear Choice Communications with principal offices at 433 E. Las Colinas Boulevard, Suite 400, Irving, TX 75039. Pursuant to 47 C.F.R. §61.19, this tariff applies only to non-contractual services accessed via a Carrier Access Code and/or the initial 45 days following the selection of Matrix Telecom, Inc. d/b/a VarTec Telecom and Clear Choice Communications as the primary long distance service provider for 1+, toll-free access or other services. After the 45-day period, the description, regulations and rates applicable to the furnishing of international telecommunications services by Matrix Telecom, Inc. d/b/a VarTec Telecom and Clear Choice Communications will be applied and enforced through the Company's Telecommunications Service Agreement, which is provided on the Company's website, [www.matrixbt.com](http://www.matrixbt.com), for customer review and reference. Furthermore, this tariff applies only to international services furnished from origination points within the United States to terminating locations outside the United States. For purposes of this tariff, and unless otherwise indicated, the term "United States" includes all fifty (50) states and the District of Columbia, Commonwealth of the Northern Mariana Islands, Guam, Puerto Rico, and the U.S. Virgin Islands and all other applicable United States territories. This tariff is on file at the Public Reference Room of the Federal Communications Commission, where copies may be inspected, during normal business hours.

TARIFF FORMAT

Page Numbering - Page numbers appear in the upper right hand corner of the page. Pages are numbered sequentially and from time to time new pages may be added to the Tariff. When a new page is added between existing pages, a decimal is added to the preceding page number. For example, a new page added between Pages 3 and 4 would be numbered 3.1.

Explanation of Symbols - When changes are made in any Tariff page, a revised page will be issued canceling the Tariff page affected. Changes will be identified on the revised page(s) through the use of the following symbols:

- (C) - to signify changed regulation.
- (D) - to signify discontinued rate, regulation, or text.
- (I) - to signify increased rates.
- (M) - to signify material relocated from one page to another without change.
- (N) - to signify new rate, regulation, or text.
- (R) - to signify reduced rate.
- (S) - to signify reissued material.
- (T) - to signify a change in text, but no change in rate or regulation.
- (Z) - to signify a correction.

In addition to symbols for changes, each changed provision in the Tariff shall contain a vertical line in the right hand margin of the page which clearly shows the exact number of lines being changed.

Page Revision Numbers - Revision numbers also appear in the upper right corner of the page. These numbers are used to determine the most current page version on file with the FCC. For example, the Fourth Revised Page 34 Cancels the Third Revised Page 34. Because of deferrals, notice periods, etc., the most current page revision number on file with the FCC is not always the Tariff page in effect. Consult check sheets and supplements for the page currently in effect.

Effective Date: July 16, 2011

TARIFF FORMAT - (Continued)

Numbering Sequence - There are Nine Levels of alpha-numeric coding. Each level is subservient to its next higher level. The following is an example of the numbering sequence used in this Tariff.

2.  
2.1.  
2.1.1.  
2.1.1.A  
2.1.1.A.1.  
2.1.1.A.1.(a)  
2.1.1.A.1.(a)I.  
2.1.1.A.1.(a)I.(I)  
2.1.1.A.1.(a)I.(I)(1)

Abbreviations and Definitions - Section 1 contains definitions of terms and an explanation of acronyms utilized in this Tariff.

Check Sheets - When a Tariff filing is made with the FCC, an updated check sheet accompanies the Tariff filing. The Check Sheet lists the pages contained in the Tariff, with a cross reference to the current revision number on file with the FCC. When new pages are added, the Check Sheet is changed to reflect the revision. All revised pages contained in a given filing are designated by an asterisk (\*) on the check sheet. A supplement put into effect is also reflected on the check sheet. The Tariff user should refer to the latest Check Sheet to determine if a particular page is the most current page on file with the FCC.

Supplements - A supplement can be used to list a group of Tariff pages that are being deferred, suspended or advanced. A supplement contains a brief explanation of the circumstances and a list of the pages involved. It also informs the user of the disposition of these pages. The supplements in effect are listed on the Check Sheet of the Tariff. When a supplement is no longer in effect, it is deleted from the subsequent Check Sheet. A supplement can also be used to cancel a complete Tariff.

SECTION 1.0 - DEFINITIONS AND ACRONYMS

1.1 Definitions

Access Line - One of several types of circuits used to carry long distance calls all or part way between Customer premises and long distance company switches. When calls are originated or received over customers' regular local lines or over customers' special WATS Access Lines, long distance companies buy Feature Group access lines to carry calls between their switch or POP and the local telephone company switch. Customers may originate or receive calls over special dedicated access lines directly from the Customer premises to the long distance company's POP.

Accounting Code - A number, usually two, three or four-digits, entered when dialing a telephone call that tells a long distance company to allocate and subtotal the call to a particular subaccount. Calls are listed and summarized by account code on Customers' monthly bill.

Annual or Monthly Minimum Commitment (AMC or MMC) - The amount of service which the Customer commits to purchase during each year or each month. The customer's AMC/MMC includes charges for all services identified in the customer's agreement as contributory, after all applicable discounts. The AMC/MMC does not include non-usage charges, such as taxes, interest, surcharges, access facilities charges and other charges associated with access, fixed recurring charges, installation charges, and other non-recurring charges. If the Customer fails to satisfy the AMC/MMC, the Customer may be required to pay to VarTec, in addition to all other charges, the difference between the AMC/MMC and the customer's actual charges for such services for each year or month in which the Customer does not achieve the AMC/MMC.

Answer Supervision - also known as "Hard Answer Supervision." An electrical signal fed back up the line by the local telephone company at the distant end of a long distance call to indicate positively that the call has been answered by the called telephone. Activates the billing equipment to start timing calls completed over FGB or FGD access trunks at the distant end. Some LECs do not support this type of answer supervision. See "Soft Answer Supervision."

Associated Locations - The term "Associated location" describes a location in which a Customer owns or leases, or which is occupied by a business enterprise or residence.

SECTION 1.0 - DEFINITIONS AND ACRONYMS (Continued)

1.1 Definitions (Continued)

Atlantic, Indian and Pacific Ocean Regions - When used to designate an international termination point, the terms "Atlantic," "Indian" and "Pacific" ocean regions indicate that calls can be completed to ships or oil rigs in those areas.

Authorization Code - A number, usually seven or fourteen digits, entered using a tone telephone to identify the caller as a Customer of the long distance service. Used primarily to verify the caller as a Customer and to bill calls.

Authorized User - The term "Authorized User" denotes a person, firm, or corporation, who is authorized by the customer/subscriber to utilize the services of the customer/subscriber.

Calling Card - A billing convenience whereby the Customer may originate calls from any tone telephone. The Customer dials an 800 number and an authorization code followed by the terminating telephone number. In cases of LEC billing, the terms and conditions of the local telephone company will apply to payment arrangements.

Carrier/Company - Matrix Telecom, Inc. d/b/a VarTec Telecom and Clear Choice Communications unless otherwise clearly indicated by the context.

SECTION 2.0 - RULES AND REGULATIONS

2.1 Undertaking of the Company

2.1.1 General

The Company's services and facilities are furnished for LDMTS originating at specified points within the United States under the terms of this Tariff.

The Company operates and maintains the communications services provided herein in accordance with the terms and conditions set forth under this Tariff. The Company may act as the Customer's Agent or RespOrg for ordering access connection facilities provided by other carriers or entities, when authorized by the Customer, to allow connection of a Customer's location to the network. The Customer shall be responsible for all charges due for such a service arrangement.

The Company's services and facilities are provided on a monthly basis unless otherwise stated, and are available twenty-four (24) hours a day, seven (7) days a week and 365 days a year.

When the Carrier undertakes to provide service between a point in the United States and a point in a foreign country, it does so through an interconnection with telecommunications facilities and services provided or operated by a Foreign Telecommunications Administration. The interconnection takes place at the border between the United States and the foreign country, for contiguous countries, and the theoretical mid-point between the United States and the foreign country, for non-contiguous countries. The Carrier will make reasonable effort to establish and maintain such interconnections.

2.1.2 Limitations

- A. Service is offered subject to the availability of the necessary facilities and/or equipment, and subject to the provisions of this Tariff. The Company reserves the right to negotiate special terms and conditions (i.e., special promotions) with a particular Customer providing agreement is reached and signed with the Customer.

Issue Date: July 15, 2011

Effective Date: July 16, 2011

SECTION 2.0 - RULES AND REGULATIONS (Continued)

2.1 Undertaking of the Company (Continued)

2.1.2 Limitations (Continued)

- B. The Company reserves the right to discontinue or limit service when necessitated by conditions beyond its control, or when the Customer is using service in violation of provisions of this Tariff, or in violation of the law.
- C. The Company does not undertake to transmit messages, but offers the use of its facilities when available, and will not be liable for errors in transmission or for failure to establish connections.
- D. All facilities provided under this Tariff are directly controlled by the Company and the Customer may not transfer the use of service or facilities without the express written consent of Carrier. Such transfer or assignment shall only apply where there is no interruption of the use or location of the service or facilities.
- E. Prior written permission from Carrier is required before any assignment or transfer. All regulations and conditions contained in this Tariff shall apply to all such permitted assignees or transferees, as well as all conditions of service.
- F. The Company's services may not be available from certain coin-operated or coinless pay telephones located in prisons or on military bases and colleges where the Company has detected significant amounts of fraudulent use of the Company's authorization codes.
- G. Travel Card service may be blocked for international calling from certain area codes in which the Company has detected significant amounts of fraudulent use. In order to unblock the Travel Card from calling international locations, the Customer must contact the Company and sign a form indemnifying the Company of all fraud associated with its use. The form must be signed and returned before the Travel Card will be unblocked.

SECTION 2.0 - RULES AND REGULATIONS (Continued)

2.1 Undertaking of the Company (Continued)

2.1.2 Limitations (Continued)

- H. Foreign Telecommunications Administrations may impose upon their telecommunications networks certain restrictions, which, may affect the Carrier's ability to provide certain international services to its Customers. It is the responsibility of the Customer or its authorized user to conform to all limitations, prohibitions, or restrictions imposed by a Foreign Telecommunications Administration.
- I. For any telephone number which accesses the Company's service on a per call basis via the Company's CAC(s) for 1+ calling and is subscribed to a service listed in this tariff for which the customer is required to be entered into the Company billing database prior to use, the Company reserves the right to remove the telephone number from the billing database in the event that a period of ninety (90) consecutive days passes during which the telephone number does not access the Company's service via a CAC(s). In the event that a customer is removed from the billing database, upon next use of the Company's service, the customer's service will be the current default service (i.e., the service listed in this tariff that does not require the customer to be entered into the Company billing database prior to use). The customer will be billed automatically for this use according to the terms of the current default service.
- J. Certain services may be limited to Customers within specific geographic areas or served by specific Local Exchange Carriers. In such instances, service availability as described in the Company's FCC Interstate Tariff also apply.
- K. Any non-subscribed telephone number, which first accesses the Company's service via the Company's CAC(s) on or after July 14, 2008, may be verified for billing purposes prior to the completion of the next call. The verification may occur through a live Company agent, an automated process or other means as determined by the Company. Future calls from telephone numbers for which the Company is unable to confirm the required billing information will be denied.

SECTION 2.0 - RULES AND REGULATIONS (Continued)

2.1 Undertaking of the Company (Continued)

2.1.3 Jurisdiction

Jurisdiction refers to the classification of an LDMTS call as interstate/international (subject to the jurisdiction of the FCC) or intrastate (subject to the jurisdiction of a state regulatory body). Jurisdiction is a matter of law, not of Company discretion or policy, or Customer preference. The law describing what constitutes interstate jurisdiction is the Communications Act of 1934, as amended. The Title Page of this Tariff describes the jurisdictional scope of this Tariff.

2.1.4 Transmission Medium

The Company selects and/or arranges for the Channels and/or service components used to provide LDMTS. Any suitable technology or combination of technologies may be utilized. The Company may modify or change the channels, service components and underlying carriers utilized to furnish LDMTS at any time subject to the terms and conditions set forth in this Tariff.

2.2 Use of Service

Service provided under this Tariff may be used for any lawful purpose for which the service is technically suited. The Company reserves the right to discontinue service, limit service, or to impose requirements on Customers as required to meet changing regulatory rules and standards of the Federal Communications Commission.

The Company reserves the right to discontinue the use of any Authorization Code provided to a Customer of its services and to substitute another Authorization Code for such customer's use. Nothing herein, or in any other provision of this Tariff, or in any marketing materials issued by the Company shall give any person any ownership interest or proprietary right in any given Company Authorization Code; provided, however, that a Customer that continues to subscribe to the Company's services will be provided a replacement code in the event such Customer's initial Authorization Code is canceled.

SECTION 2.0 - RULES AND REGULATIONS (Continued)

2.2 Use of Service (Continued)

2.2.1 Names and Trademarks

The Customer shall not indicate or suggest to any other party, including the Customers own subscribers if any, that any business relationship exists between the Customer, its agents, distributors, or subscribers and the Company, except that the Customer may inform its subscribers that calls utilizing the Company's services or authorization codes will be provided by the Company. The Customer is granted no rights whatsoever in the trade name or insignia (Marks) of the Company, its corporate parent or corporate affiliates (Mark Holders) and the Customer is granted no right to modify the appearance of materials provided by the Company. Customers who desire to produce their own versions of the Company's Prepaid Calling Card Services shall be provided only with a Company Authorization Code.

2.3 Carrier Liability

2.3.1 The Company's liability for any claim or loss, expenses or damage (including indirect, special or consequential damage) arising out of mistakes, for any interruption, delay, error, omissions, or defects in any service, facility, or transmission provided under this Tariff shall not exceed an amount equivalent to the proportionate monthly subscription fee charged to the Customer for the period of service or the facility provided during which such interruption, delay, error, omission, or defect occurs. Any adjustment shall apply only to the period the interruption, delay, error, omission, or defect continues beyond twenty-four (24) hours after notice of the interruption, delay, error, omission, or defect is received by Carrier. No other liability shall in any case attach to Carrier on account of interruptions, delay, error, omission, or defect of service. For computation of credit, a month is considered to have thirty (30) days.

2.3.2 The Company shall not be liable for claim or loss, expense, or damage (including indirect, special, or consequential damage), for any interruption, delay, error, omission, or defect in any service, facility, or transmission provided under this Tariff, if caused by any person or entity other than Carrier, by any malfunction of any service or facility provided by any other carrier or Foreign Telecommunications Administration, by an act of God, strike or other labor dispute, sabotage (including the infection of Carrier's computerized Telecommunications Network), flood, fire, war, civil disturbance, act of government, or any other catastrophe or cause beyond Carrier's direct control.

SECTION 2.0 - RULES AND REGULATIONS (Continued)

2.3 Carrier Liability (Continued)

- 2.3.8 The Company is not liable for any damages, including LDMTS usage charges, the subscriber may incur as a result of the unauthorized use of its telephone facilities, misdialed calls (wrong numbers) and/or the misrouting of long distance telephone calls by other carriers. This unauthorized use of the subscriber's facilities includes, but is not limited to, the placement of calls from the subscriber's premises, and the placement of calls through subscriber-provided equipment which are transmitted or carried on VarTec's telecommunications network.
- 2.3.9 When the facilities of other Carriers and Foreign Telecommunications Administrations are used in establishing connections to points not reached by the Carrier's facilities, the Carrier is not liable for any act or omission of the carrier(s) or Foreign Telecommunications Administration. Similarly, Customer will indemnify and save harmless the Carrier from any third-party claims for such damages.
- 2.3.10 IN NO EVENT WILL THE COMPANY BE LIABLE TO THE CUSTOMER FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, EXEMPLARY, OR PUNITIVE LOSS OR DAMAGE OF ANY KIND, INCLUDING LOST PROFITS (WHETHER OR NOT THE COMPANY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSS OR DAMAGES) BY REASON OF ANY ACT OR OMISSION IN ITS PERFORMANCE UNDER THIS TARIFF.
- 2.3.11 THE COMPANY MAKES NO EXPRESS OR IMPLIED REPRESENTATIONS OR WARRANTIES ABOUT ITS SERVICES AND DISCLAIMS ANY IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF TITLE OR IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE OR NON-INFRINGEMENT. THE COMPANY DOES NOT AUTHORIZE ANYONE TO MAKE A WARRANTY ON THE COMPANY'S BEHALF AND THE CUSTOMER MAY NOT RELY ON ANY STATEMENT OF WARRANTY AS A WARRANTY BY THE COMPANY.

SECTION 2.0 - RULES AND REGULATIONS (Continued)

2.4 Terminal Equipment

The Company facilities and service may be used with or terminated in Customer-provided communications systems, such as a PBX or Pay Telephone. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided. The Customer is responsible for all costs at his or her premises, including personnel, wiring, electrical power, and the like, incurred in the use of The Company's service.

When such terminal equipment is used, the equipment shall comply with the generally accepted minimum protective criteria standards of the industry as endorsed by the Federal Communications Commission.

2.5 Payment for Service and Service Dispute Resolution

2.5.1 Payment for Service

All charges due by the Customer are payable to any agency duly authorized to receive such payments. The billing agency may be the carrier, a local exchange telephone company, credit card company, or other billing service. The terms and conditions for billing, payment and collection, including without limitation, any late payment charge, specified in the Local Exchange Carrier's local exchange service Tariff shall apply to charges of Carrier when the Local Exchange Company serves as the billing agent for Carrier or buys Carrier's accounts receivables.

Terms of payment shall be according to the rules and regulations of the agency and subject to the rules of regulatory agencies, such as the Commission. Any objections to billed charges must be promptly reported to Carrier's billing agent. Adjustments to Customer's bills shall be made to the extent that circumstances exist which reasonably indicate that such changes are appropriate.

2.6 Establishment and Re-establishment of Credit

2.6.1 Service Suspended for Non-Payment

In the event service is temporarily suspended for non-payment, such service will be restored upon payment of all charges due.

2.6.2 Service Restoration Charge

A restoration of service charge will be applicable for each authorized code temporarily suspended. Where service is pre-subscribed to the Company's service, a restoration of service charge will be applicable for each line temporarily suspended.

2.6.3 Five Day Limitation for Reestablishment

Customers not re-established within five (5) days from date of suspension will be treated as new Customers and appropriate Non-recurring Charges and Customer Deposits will apply.

2.7 Customer Deposits

Applicants or Customers whose financial condition is not acceptable to the Company, or is not a matter of general knowledge, may be required at any time to make a deposit in an amount not to exceed the estimated charges for two (2) month's tariffed services for a specified Customer. Where established by law, interest will be applied to any deposit made at the legal rate for the period in which the deposit is held. Such deposits and interest due, if any, will be refunded or credited to the Customer at any time after twelve (12) months of prompt payments upon request of the Customer. Upon termination of service, the deposit and interest due, if any, will be credited to the final bill and any credit balance will promptly be returned to the Customer.

2.8 Notices

2.8.1 Notice to the Customer

Notice from Carrier to a Customer normally will be given in writing, either delivered or mailed to the Customer's address of record or by any method specified in any written agreement. In emergencies, where delay may result in impaired service or in hazards to the Customer, Public, or Carrier's facilities, Carrier may resort to verbal notices given by telephone, radio telephone, personal contact, or other means of communication.

2.8 Notices (Continued)

2.8.2 Notices from the Customer

Notices from a Customer to Carrier may be given verbally by the Customer or the Customer's authorized Agent at Carrier's office, or by written communication mailed thereto. Written notice is required when specified in Tariff schedules or in any written agreement.

2.9 Rendering and Payment of Bills

2.9.1 Returned Check Charge

When a payment for service is made by check, draft, or similar negotiable instrument, a returned check charge will be made by Carrier for each such item returned unpaid by a bank to Carrier for any reason. The acceptance of checks, drafts, or other negotiable instruments for the satisfaction of the Customer's debts to Carrier shall not constitute a waiver by Carrier of its right to payment by legal tender.

2.9.2 Extra Copies of Bill

Extra copies of a Customer's monthly bill will be provided by the Carrier at the rate specified in this Tariff.

2.9.3 Collection Fees and Expenses

The Company may charge the Customer all fees or expenses (including attorneys' fees) reasonably incurred in collecting or attempting to collect any charges owed the Company. In addition, if the Customer's unpaid charges are referred to an outside collection agency, the Company may immediately begin to charge the Customer a collection fee on the unpaid charges at a rate of one and one-half percent (1.5%) per month. Such collection fees are separate and distinct from attorneys' fees and other costs incurred in collecting charges owed the Company. The Customer will be liable to the Company for the payment of all such fees and expenses reasonably incurred.

SECTION 2.0 - RULES AND REGULATIONS (Continued)

2.9 Rendering and Payment of Bills (Continued)

2.9.4 Multi-Brand and Affiliate Credit and Collections Practices

The Company may collect on behalf of the Company and/or its affiliates or brands in one or more transactions as permitted by law.

The Company reserves the right to apply credit balances from one Company affiliate to another to satisfy outstanding account balances.

2.9.5 Alternative Payment Processing

The Company allows Customers to make payment for services rendered through alternative payment processing options, including but not limited to, credit card payments and automated clearing house ("ACH") transactions. Customers may make payment using alternative payment processing through the Company's Customer Care Center, the Company's internet website or other methods approved by the Company. When a payment for service is made by an alternative payment processing option, processing fees as described in Section 6.0.18 of this Tariff may apply. The acceptance of alternative payment processing options for the satisfaction of the Customer's debts to Carrier shall not constitute a waiver by Carrier of its right to payment by legal tender.

2.10 Fraud

The Company shall have the right to refuse or discontinue service if the acts of the Customer, including furnishing false credit information or the conditions upon their premises, are such as to indicate intention to defraud Carrier.

2.11 Non-Compliance with Carrier's Rules

The Company may discontinue service if a Customer fails to comply with any of the rules herein.

SECTION 2.0 - RULES AND REGULATIONS (Continued)

2.12 Telephone Calls with Intent to Annoy

The Company may discontinue service of any Customer who, with intent to annoy, telephones another and addresses to or about such other person any obscene language or addresses to such other person any threat to inflict injury to the person or property of the person addressed or any family member. The Company may discontinue service of any Customer who, with intent to annoy, repeatedly telephones another without disclosing his true identity to the person answering the telephones, whether or not conversation ensues during the telephone calls.

2.13 Discontinuance and Restoration of Service

2.13.1 Intentional Abuse of Service

The Company has the right to refuse telephone service to any premises and at any time to discontinue telephone service, if it finds it necessary to do so to protect itself against intentional abuse. Intentional abuse of service includes, without limiting the generality of the foregoing, the use of service or facilities of the Carrier to transmit a message or to locate a person or otherwise to give or obtain information, without payment of LDMTS usage charges or exchange service charges. Another form of such abuse is an intentional uninterrupted connection of one exchange station to another station, excluding those connections charged for on an elapsed time basis, which permits the use of the facilities in a manner similar to private line service. It also includes intentional receiver off-hook conditions.

2.13.2 Disconnection of Service for Cause

- A. Upon non-payment of any sum due Carrier or upon violation of any of the conditions governing the furnishing of service as provided in this Tariff, Carrier may by notice in writing mailed to the Customer, without incurring any liability, temporarily discontinue the furnishing of service to the Customer. Telephone services may be discontinued seven (7) days after mailing notice of intention to discontinue service, and a service order charge will be made by Carrier for restoration of such Authorization Code and/or line. If Carrier elects to discontinue service, the Customer shall be responsible for all charges through the date of termination.

2.13 Discontinuance and Restoration of Service (Continued)

2.13.2 Disconnection of Service for Cause (Continued)

- B. If any Customer-provided equipment is used with facilities provided by Carrier in violation of any law or any of the provisions in this Tariff, Carrier will take such action as is necessary for the protection of its facilities or the service of its other Customers and other persons provided with telephone services. The Customer shall discontinue such use of the equipment or correct the violation immediately upon actual or constructive knowledge of a violation and shall confirm in writing to Carrier within five (5) calendar days that such use has ceased or that the violation has been corrected. Failure of the Customer to discontinue such use or correct the violation and to give the required written confirmation to Carrier within the time stated above shall result in interruption of the service of the Customer creating the violation.
- C. Telephone services may be refused, reduced, or partially or completely discontinued without notice in the event Carrier is informed that the service is used in such a manner that will adversely affect Carrier's services to others.
- D. The Company may disconnect the telephone services in accordance with the terms hereof without any liability except for an appropriate refund of prepaid charges and any service deposit with accrued interest.
- E. The Company may immediately discontinue service to the Customer without incurring any liability if the Customer places repeated harassing phone calls to the Company, including calls in which the caller uses abusive or threatening language.

SECTION 2.0 - RULES AND REGULATIONS (Continued)

2.14 Installation and Termination

Service is installed upon mutual agreement between the Customer and Carrier. Customers may be required to sign the Company's Service Order Form and/or Letter of Agency for the various services offered by the Company. The agreement will determine terms and conditions of installation, termination of service, any applicable sales commission structure, and sales commission payment schedule. The service agreement does not alter rates specified in the tables and schedules contained in this Tariff.

All services offered are subject to the Laws of the United States and its political subdivisions as well as the Rules and Regulations of the Federal Communications Commission and other administrative agencies, as applicable.

2.15 Ownership of Equipment

Equipment furnished by the Company on the premises of a Customer are the property of Carrier.

2.16 Taxes

Unless otherwise indicated, all stated rates and charges in this Tariff are computed by the Company exclusive of any federal, state, or local, and foreign sales, use, excise, utility, gross receipts, sales or privilege taxes, duties, fees, tax-like or similar liabilities (other than general income or property taxes) whether charged to or against the Company or its Customer. Such taxes, fees, etc. shall be paid by the Customer in addition to the charges stated in this Tariff. All such taxes, duties, and fees shall each be shown as a separate line item on the Customer's monthly invoice.

SECTION 2.0 - RULES AND REGULATIONS (Continued)

2.17 Tax Adjustments

A surcharge is imposed on all charges when LDMTS originates in states which levy a gross receipts tax on the Company's operations, or when a federal government entity imposes such a charge. This surcharge is composed of a factor of the gross receipts tax and taxes imposed directly or indirectly upon the Company as measured by the gross receipts payments or revenues of interstate access charge will be shown as a separate line item on the Customer's monthly invoice. Pending the conclusion of any litigation challenging a jurisdiction's right to impose any tax, the Company may elect to impose and collect a surcharge covering such tax, unless otherwise constrained by court order or direction, or it may elect to waive any surcharge. If it has collected a surcharge or tax and the challenged surcharge or tax is found to have been invalid and unenforceable, the Company will credit or refund such sums to each affected Customer if either the Company has retained such funds or the Company has remitted such funds to the collecting jurisdiction and the funds have been returned to the Company. The surcharge will be shown as a separate line item on the Customer's monthly invoice.

2.18 Use of Recording Devices

The Company's LDMTS are not adapted to the use of recording devices and customers who use such devices to record two-way telephone conversations, or for other purposes, do so at their own risk. A "two-way conversation" as used throughout this section means a telephone conversation between or among two or more parties.

A Customer may only use a recording device to record two-way conversations if the Customer complies with the requirements of this regulation and only if the Customer is able to connect or disconnect the recording device, or turn the recording device on or off, at will.

2.18.1 Circumstances Allowing Recording

A Customer may record a two-way conversation if the Customer:

- (A) obtains written or verbal consent to the recording of all parties to the two-way conversation prior to the two-way conversation taking place; or,

- C. used a distinctive recorder tone, repeated at intervals of approximately 15 seconds, to alert all parties to the conversation that a recording device is being used.

2.18.2 Exemptions

Broadcast licensees will be exempt from the restrictions set forth in this Section when the licensee is recording the two-way conversation for broadcast if one of the following requirements is met.

- A. the licensee informs each party to the conversation that the licensee intends to broadcast the conversation; or,
- B. each party to the conversation is aware that the conversation will be broadcast; or,
- C. the other party or parties to the conversation are presumed to be aware from the content of the conversation that the conversation will be broadcast.

- H. recording calls pursuant to a court order.

2.19 Restrictions on the Use and Sale of Telephone Subscriber Information Provided Pursuant to Automatic Number Identification or Charge Number Services

Any common carrier, including VarTec, providing Automatic Number Identification of charge number services on interstate calls to any person shall provide such services under a contract or Tariff containing telephone subscriber information requirements that comply with this section. Such requirements shall:

- 2.19.1 Permit such person to use the telephone number and billing information or billing and collection, routing, screening, and completion of the originating telephone subscriber's call or transaction, or for services directly related to the originating telephone subscriber's call or transaction;
- 2.19.2 prohibit such person from reusing or selling the telephone number or billing information without first (i) notifying the originating telephone subscriber and (ii) obtaining the affirmative consent of such subscriber for such reuse or sale; and,

2.19 Restrictions on the Use and Sale of Telephone Subscriber Information Provided Pursuant to Automatic Number Identification or Charge Number Services (Continued)

2.19.3 prohibit such person from disclosing, except as permitted by subparagraphs (1) and (2) of this Section, any information derived from the automatic number identification or charge number service for any purpose other than (i) performing the services or transactions that are the subject of the originating telephone subscriber's call, (ii) ensuring network performance security, and the effectiveness of call delivery, (iii) compiling, using and disclosing aggregate information and (iv) complying with applicable law or legal process.

2.19.4 The requirements imposed under this Section shall not prevent a person to whom automatic number identification or charge number services are provided from using (1) the telephone number and billing information provided pursuant to such service; and (2) any information derived from the automatic number identification or charge number service, or from the analysis of the characteristics of a telecommunications transmission, to offer a product or service that is directly related to the products or services previously acquired by that Customer from each person. Use of such information is subject to the requirements included in Title 47 of the Code of Federal Regulations Sections 64.1200 and 64.1504(c).

2.20 Agency Agreement

The Company will accept orders from an Agent appointed by the Customer. An Agency appointment must be sent to the Company in writing. If directed by the Customer, the bill for LDMTS will be sent to the Agent. The bill will be issued in the name of the Customer in care of the Agent. The Customer retains responsibility for compliance with Tariff regulations and any act or omission of the Agent, regardless of any limitations the Customer may place on the Agent's authority.

2.21 Responsibilities of the Customer

The customer's general responsibilities are described in this section. When Customer equipment or a Customer-provided communications equipment is utilized, the Customer assumes additional responsibilities described herein.

2.21.1 Placement of Orders, Payment of Bills and Compliance with Regulations

The Customer is responsible for placing any necessary orders and complying with Tariff regulations for LDMTS and for assuring that its Users comply with Tariff regulations. The Customer is also responsible for the payment of bills for LDMTS. This includes payment for LDMTS calls or services originated at the Customer's numbers, accepted at the customer's number (s), the use of a calling card service and incurred at the specific request of the Customer. The Customer may appoint an agent to act on its behalf, as specified in this Tariff.

2.21.2 Information Required from the Customer

When a Customer places an order for LDMTS, information, including but not limited to, the following must be provided:

- A. The Customer contact name, telephone number and address where services will be provided; and,
- B. The Customer's billing name and address.

2.21.5 Acoustic or Inductive Connections

All terminal systems that are connected to LDMTS on an acoustic or inductive basis must be limited so that the signal power which is applied by the equipment does not exceed 9db below one milliwatt when averaged over any three second interval. However, to permit any Customer, regardless of distance to the serving office, to supply signal power to the serving station which approximates 12db below one milliwatt, the Company will specify upon request, for each Customer location, the signal power at the station, which will not exceed one milliwatt.

2.22 Responsibilities of the Company

The Company will maintain and supply its equipment in a manner suitable for LDMTS. The Company will comply with the disclosure rules required by Part 68 of the FCC's Rules and Regulations.

The Company is not responsible to any party if a change in its LDMTS components, operations, or procedures affects any facilities, Customer equipment, or Customer provided communications systems provided by others in any way.

2.23 Reservation and Administration of Numbers

In its capacity as RespOrg, VarTec will reserve, assign, activate or change, upon receipt of a verified request, 800 numbers for a Customer or potential Customer and will administer 800 numbers, in accordance with customary industry standards and practices, the terms of this Tariff and the effective procedures of the 800 SMS. Customers may request reservation, assignment or activation on their own behalf, or a Customer which resells VarTec inbound transmission services must provide to any Customer or potential Customer, upon reasonable request therefore, information concerning the status of a particular 800 number or numbers in which the Customer or potential Customer has an interest and, if applicable, the identity of the RespOrg(s) for the 800 number(s). When a Customer of VarTec decides (or learns of its specific, prospective customers decision) not to utilize the reserved, assigned or activated 800 number, the customer of VarTec must notify VarTec within 48 hours so that VarTec may release the 800 number to the pool of numbers available for assignment in accordance with industry practice and standards.

800 numbers are incidental to the inbound calling services with which they are associated and, as such, may not be sole, transferred or otherwise conveyed independent of inbound transmission services. The assignment of an 800 telephone number for use with company-provided inbound transmission service confers on the Customer no proprietary interest whatsoever in the number assigned. It shall be a violation of this Tariff if the Customer seek to acquire, or does acquire, any 800 number associated with inbound service provided by the company for the primary purpose of selling, brokering, bartering or releasing for a fee (or other consideration) to another party that 800 number, independent of the VarTec service with which it is associated.

2.23.2 Use of Numbers

Each 800 telephone number must be placed in actual and substantial use by the Customer. A telephone number associated with VarTec's 800 services may be recovered by VarTec when the following conditions are met: (1) after (90) consecutive days in which the telephone number was not placed in actual and substantial use, VarTec has sent written notification to the Customer informing the Customer that, unless the telephone number is placed in actual and substantial use within thirty (30) days after written notice was sent to the Customer, the number will be recovered; and (2) thirty (30) consecutive days have passed since this written notice was sent to the Customer and during these thirty (30) consecutive days the telephone number was not placed in actual and substantial use. As used in this paragraph, "actual and substantial use" shall mean a pattern of use, (e.g. increasing VarTec 800 service usage via the particular 800 telephone number, that discloses and intent on the customer's part to employ the number for the purpose for which it was intended, namely, to allow callers to reach the Customer.

2.26 Privacy

The Customer understands that VarTec may provide to a court or other authorized third party any records related to the Customer's VarTec service, without notice to the Customer, in response to a subpoena or other legal means compelling their production.

To inform the Customer of other Company-affiliated products and services that may interest the Customer, the Company may wish to access information related to the Customer's account(s), particularly information known as CPNI. Information constituting CPNI includes the kinds of services the Customer has, how the Customer uses the service and how the Customer is billed. Federal law restricts the use of CPNI for purposes other than providing service, without the Customer's approval.

If the Customer does not want the Company to access and use their CPNI (except as otherwise permitted by law), the Customer can contact the Company. Until the Customer informs the Company otherwise, the Company will understand the Customer to have approved its internal use of their CPNI for purposes reasonably related to its offering or provisioning other products and services to the Customer.

It is the Company's policy not to sell or rent its personally-identifiable customer information to unaffiliated companies or organizations. In the future, should the Company decide to sell or rent such information to those entities, it will provide notification and the opportunity for its customers to indicate that they would prefer the Company not sell or rent such information about them to third parties. Such notice may be provided by amending any Agreement entered into between the Customer and the Company, upon the expiration of this Tariff or any other comparably effective means.

SECTION 3.0 - VARTEC TELECOM DESCRIPTION OF SERVICES

3.0 General

3.0.1 Introduction

The Carrier endeavors to provide high quality LDMTS. LDMTS is available twenty-four (24) hours per day, seven (7) days a week, everyday of the year, subject to routine maintenance and outages beyond the control of the Carrier. Carrier's switching equipment is designed and engineered to provide high quality transmission of LDMTS with a minimum level of impairment such as noise and echo. However, overall quality may vary somewhat due to the variability in quality of the connections provided by the local telephone companies, other interexchange carriers, and Foreign Telecommunications Administrations. If for any reason a customers service is interrupted, or the Carrier is unable to provide international termination for the telecommunications service that the Customer is currently utilizing, the company reserves the right to terminate the customers call on a substitute telecommunications service prescribed by the carrier. Rates associated with such termination will be billed according to the service actually utilized to terminate the call.

3.0.2 Service Area

Calls may be originated from any telephone connected to sub-tending equal access COs or exchanges which are served by LEC Tandems in which VT has negotiated and entered into a billing and collection arrangement with the applicable LEC; however, service is being offered for termination throughout the entire United States and the international locations listed herein, and is not limited to the originating LEC Tandems.

3.0.3 Special Promotions

The Carrier may from time to time engage in special promotional service offerings which may be limited to certain dates, times and/or locations. These promotions are designed to attract new customers and/or increase customer awareness of particular service offerings. Customers must subscribe to specific promotions within the given time period as stated in the promotional offer. Any ANI disconnected and then reconnected from VT's service for purposes of subscribing to the special promotion may not be eligible. After the initial subscription to a promotion, if no outbound usage is generated by an ANI within the specified time period as stated in the promotional offering, the customer may not receive benefits from the promotion. The promotions may contain special terms and conditions, including but not limited to, usage rates and charges. Such special terms and conditions will be in lieu of those terms, conditions, rates and charges outlined in Sections 3 and 6 of this Tariff.

3.0.4 Federal Universal Service Fund Charge

The Federal Universal Service Fund Charge is assessed to all Customers of services included in this tariff where billing capabilities exist. The charge is based on a percentage of Customer's net interstate and international charges incurred during a month and will be equal to the quarterly assessment factor set by the Federal Communications Commission. This charge is in addition to the tariffed per minute usage rates and any applicable monthly service fees and surcharges associated with utilizing VT's service and is assessed based on billing capability.

Carrier Cost Recovery Fee - The Carrier Cost Recovery Fee is intended to recover VT's administrative costs associated with the Federal Universal Service Fund and is assessed to all customers of service included in this tariff. The Carrier Cost Recovery Fee is billed at \$1.97 per ANI to Customers in each month during which the Customer accesses VT's international services.

3.1 TollSaver<sup>®</sup> Service

TollSaver<sup>®</sup> Service (non-operator assisted, direct-dial) is offered to Customers, including, but not limited to, residential and business Customers, for calling to international locations in VT service areas. Customers access VT via Equal Access FGD circuits and/or other Switched Access Services. Customers can access TollSaver<sup>®</sup> Service by dialing 1 + (Country Code) + (City Code [where required]) + (Destination Number) if they have selected VT as their primary interexchange carrier. When VT is not the presubscribed interexchange carrier, Customers can access TollSaver<sup>®</sup> Service by dialing 101XXXX + 1 + (Country Code) + (City Code [where required]) + (Destination Number). The Customer must be entered into the VT billing database prior to utilizing this service in order to receive TollSaver<sup>®</sup> Service rates. Calls are routed over Carrier's transmission and switching facilities to any valid international location in VT's service area. Rates and charges for VT's TollSaver<sup>®</sup> Service from originating locations within the contiguous United States to international locations (excluding Canada and Mexico) served by VT are set forth in Section 6.3 following. Rates for calling to locations in Canada and Mexico are set forth in Sections 6.1.1 and 6.2.1 respectively. Calls are subject to a sixty (60) second call minimum, and sixty (60) second billing increments. Calls are rated based on mileage, time of day and call duration.

Customers of VT's TollSaver<sup>®</sup> Service will be eligible for VT's Frequent Caller Program. For every ten (10) long distance TollSaver<sup>®</sup> calls a Customer makes, excluding Directory Assistance calls, the Customer will receive another long distance TollSaver<sup>®</sup> call for only one cent (\$.01). The one cent (\$.01) calls can be up to ten (10) minutes in duration and can be made anywhere within the United States. The one cent (\$.01) call will automatically be assessed by Company's billing system on the first long distance call that meets the above-noted conditions and is subsequent to the required ten (10) long distance calls made by the Customer, regardless of the Customer's actual billing cycle.

3.11 Prepaid Calling Card Service

VT's Prepaid Calling Card Service provides an outbound voice grade communications service for calls charged to a VT Prepaid Calling Card. VT's Prepaid Calling Card Service permits customers to make Prepaid Calling Card calls from any non-rotary dialed telephone within the United States to any international location served by VT by dialing the VT-provided 800 number printed on the card, receiving interactive voice prompts, inserting an authorization code, and then dialing the destination number of the intended party. VT Prepaid Calling Cards can be obtained from VT or agents of VT in various denominations.

Upon accessing the service, the Customer first receives account balance information prior to dialing the terminating number. Upon entering the intended destination number, the Customer will then be advised as to the maximum call length, in minutes. The balance on each VT Prepaid Calling Card will be reduced and depleted based upon Customer usage and the terminating location of the call. A Customer's call will be interrupted with an announcement at one minute before the available balance is depleted. Calls in progress will be terminated by the Company when the available balance of the VT Prepaid Calling Card is expended. Any remaining balance may be utilized by the Customer on subsequent long distance telephone calls. All calls must be charged against a valid VT Prepaid Calling Card account that has a sufficient available balance. Rates and charges for VT's Prepaid Calling Card Service from originating locations within the contiguous United States to international locations served by VT are set forth in Section 6.8 following. Calls are subject to a sixty (60) second call minimum, and sixty (60) second billing increments.

VT's Prepaid calling cards are non-refundable. Authorization codes associated with Prepaid Calling Card Service will expire 180 days following activation. The Carrier shall not be responsible for lost, stolen or unauthorized usage of VT's Prepaid Calling Card or authorization codes.

At the Customer's option, written and automated dialing instructions are provided in both English and Spanish.

SECTION 4.0 - CLEAR CHOICE COMMUNICATIONS DESCRIPTION OF SERVICES

4.0 General

4.0.1 Introduction

The Carrier endeavors to provide high quality LDMTS. LDMTS is available twenty-four (24) hours per day, seven (7) days a week, everyday of the year, subject to routine maintenance and outages beyond the control of the Carrier. Carrier's switching equipment is designed and engineered to provide high quality transmission of LDMTS with a minimum level of impairment such as noise and echo. However, overall quality may vary somewhat due to the variability in quality of the connections provided by the local telephone companies, other interexchange carriers, and Foreign Telecommunications Administrations. If for any reason a customer's service is interrupted, or the Carrier is unable to provide international termination for the telecommunications service that the Customer is currently utilizing, the company reserves the right to terminate the customers call on a substitute telecommunications service prescribed by the carrier. Rates associated with such termination will be billed according to the service actually utilized to terminate the call.

4.0.2 Service Area

Calls may be originated from any telephone connected to sub-tending equal access COs or exchanges which are served by LEC Tandems in which VT has negotiated and entered into a billing and collection arrangement with the applicable LEC; however, service is being offered for termination throughout the entire United States and the international locations listed herein, and is not limited to the originating LEC Tandems.

4.0 General (Continued)

4.0.3 Special Promotions

The Carrier may from time to time engage in special promotional service offerings which may be limited to certain dates, times and/or locations. These promotions are designed to attract new customers and/or increase customer awareness of particular service offerings. Customers must subscribe to specific promotions within the given time period as stated in the promotional offer. Any ANI disconnected and then reconnected from VT's service for purposes of subscribing to the special promotion may not be eligible. After the initial subscription to a promotion, if no outbound usage is generated by an ANI within the specified time period as stated in the promotional offering, the customer may not receive benefits from the promotion. The promotions may contain special terms and conditions, including but not limited to, usage rates and charges. Such special terms and conditions will be in lieu of those terms, conditions, rates and charges outlined in Sections 5 and 8.

4.0.4 Federal Universal Service Fund Charge

The Federal Universal Service Fund Charge is assessed to all Customers of services included in this tariff where billing capabilities exist. The charge is based on a percentage of Customer's net interstate and international charges incurred during a month and will be equal to the quarterly assessment factor set by the Federal Communications Commission. This charge is in addition to the tariffed per minute usage rates and any applicable monthly service fees and surcharges associated with utilizing the Company's service and is assessed based on billing capability.

Carrier Cost Recovery Fee - The Carrier Cost Recovery Fee is intended to recover CCC's administrative costs associated with the Federal Universal Service Fund and is assessed to all customers of service included in this tariff. The Carrier Cost Recovery Fee is billed at \$1.97 per ANI to Customers in each month during which the Customer accesses CCC's international services.

SECTION 6.0 - RATES AND CHARGES

6.0 General

This section contains rates for international calls originating in the United States.

6.0.1 Types of Charges

There are five types of charges associated with VT's LDMTS.

A. Recurring Charges

Recurring charges are incurred on a monthly or per unit of use basis, as specified for each LDMTS service.

B. Usage Charges

Usage charges are stated as a function of, and vary with, use (e.g., per connection or per unit of time). Usage charges are billed in arrears.

C. Per Call Charges

Usage charges are assessed on a per call basis.

D. Nonrecurring charges

A nonrecurring charge applies for each activity, such as a set-up or a change, ordered by the Customer and performed by the Company. Charges may differ according to the work activity involved, as specified for each LDMTS.

E. Alternative Billing Arrangements

When an LDMTS call is not billed to the origination number, the Company offers certain billing options depending on the type of call. These options, which are not available for including, but not limited to, calling card and prepaid calling card services.

SECTION 6.0 - RATES AND CHARGES (Continued)

6.0 General (Continued)

6.0.2 Computation of Charges

The charge for an LDMTS call is based on such factors as: (1) the distance between the rate centers of the originating (calling) and terminating (called) stations; (2) the time of day and the day of the week when the call takes place; (3) the duration of the call; (4) the class of service; and (5) other line charges or service charges, when applicable. The specific factors which apply to a given LDMTS call are listed in the rate section applicable to the service.

6.0.3 Application of Charges

The charges for an LDMTS call except for some optional calling plans are applied on a per call basis. Other LDMTS offerings are charged on a monthly basis.

6.0.4 Rate Periods

All VT services that are rated based upon time of day are subject to the following rate periods:

- A. STANDARD PERIOD - As set forth in Section 6.0.5, following.
- B. ECONOMY PERIOD - As set forth in Section 6.0.5, following.
- C. Calls initiated during one time period and ending during a different time period will be billed for the usage during each time period at the rates applicable to that time period.
- D. Service charges and surcharges may be added to all calls as specified in this Tariff. All service and surcharges are in addition to initial and additional period charges.

SECTION 6.0 - RATES AND CHARGES (Continued)

6.0 General (Continued)

6.0.5 Timing of Calls

- A. LDMTS charges are based on the actual conversation time transpiring on VT's network. No charge will generally apply to uncompleted calls, which include "ring busy" and "ring no answer calls," and such uncompleted calls will not be knowingly charged to the Customer and, if charged in error, will be refundable to the Customer. In LEC service areas where Soft Answer Supervision must be utilized, rather than Hard Answer Supervision, and the Customer fails to hang up when receiving a busy signal or "ring no answer call" for an excessive period of time, the Customer may be charged as if the call were completed. VT will determine that a call has been established by utilizing Hard Answer Supervision, where available, from the local telephone company or underlying carrier.
- B. Unless otherwise specified in this Tariff, the minimum call duration for billing purposes is one (1) minute for a connected call.
- C. Unless otherwise specified in this Tariff, usage is measured and rounded to the higher full minute for billing purposes.
- D. When Hard Answer Supervision is unavailable and VT has received a reasonable claim from the Customer for a refund of VT's charges for an uncompleted call, VT will reimburse the Customer for the charges that VT has billed for that call.

SECTION 6.0 - RATES AND CHARGES (Continued)

6.0 General (Continued)

6.0.6 Holiday Discounts

All VT services that are rated based upon time of day, unless otherwise specified, are subject to the following holiday discounts:

On Christmas Day (December 25), New Year's Day (January 1), Independence Day (July 4), Thanksgiving Day and Labor Day the rate applicable is the Economy rate unless a lower rate would normally apply.

6.0.7 Rounding Fractional Charges

Unless where otherwise specified in this Tariff, when the application of the rates set forth in this Section results in a fractional charge for an individual call, the total charge for that particular call will be rounded up to the next higher cent.

6.0.8 Returned Check Charge

Until July 1, 2002, when payment in the form of a bank check for services rendered is returned to the carrier, the Customer will be assessed a service charge of \$15.00 to cover the cost of handling the check.

Beginning August 1, 2002, a returned check fee of \$25.00 is applicable for each check returned for any reason. Due to state laws and regulations regarding returned check fees, Alabama, Colorado, Connecticut, Hawaii, Idaho, Indiana, Iowa, Missouri, New York, Tennessee and Utah residents will incur a \$20.00 returned check fee, and District of Columbia and West Virginia residents will incur a \$15.00 returned check fee.

6.0.9 Service Trip Charge

In the event the Subscriber or Customer reports a service difficulty or trouble report that requires an on-premise visit by Carrier and the service difficulty or trouble reported is not a result of Carrier-provided equipment and/or no service difficulty or trouble is found in Carrier-provided equipment, a Service Trip Charge of \$50.00 may be charged to the Subscriber or Customer for the visit by Carrier.

SECTION 6.0 - RATES AND CHARGES (Continued)

6.0 General (Continued)

6.0.10 Restoration of Service Charge

In the event service is temporarily suspended by VT for non-payment such service will be restored upon payment of all charges due.

A restoration of service charge will be applicable for each authorization code temporarily suspended. Where service is presubscribed to VT's service a restoration of service charge will be applicable for each line temporarily suspended.

Customers not re-established within five (5) days from date of suspension will be treated as new customers and appropriate Nonrecurring Charges and an advance payment will apply.

Service Charge

Business	\$50.00
Residence	\$25.00

6.0.11 Emergency Calls

Customer shall configure its system so that 911 emergency calls, where available, and similar emergency calls will be automatically routed to the emergency answering point for the geographical location where the call originated without the intervention of VT. 911 calls are not routed but are completed through the local network. No billing applies to emergency calls.

6.0.12 Directory Assistance Service

VT Customers will be billed a per call charge of \$2.49 for each directory assistance call. The directory assistance charge applies to each call regardless of whether the directory assistance bureau is able to furnish the requested telephone number.

6.0.13 Extra Copies of Bill

Extra copies of a Customer's monthly bill will be provided by the Carrier at the rate of \$.25 per copy, per page. A minimum charge of \$1.00 will apply.

SECTION 6.0 - RATES AND CHARGES (Continued)

6.0 General (Continued)

6.0.14 Presubscribed Interexchange Carrier Charge

Customers will be billed the Presubscribed Interexchange Carrier Charge for each of their telephone lines (multi-line business, ISDN, Centrex) that are presubscribed to the Company's service. This charge will apply in each calendar month in which the Company is the primary interchange carrier for the telephone lines. Customers will be billed according to the number of lines presubscribed to the Company's service and as designated by the applicable LEC. Customers will be billed no more than \$4.31 per line. Customers utilizing ISDN lines will be billed no more than a total of \$21.55 for the Presubscribed Interexchange Carrier Charge.

6.0.15 Payphone Use Charge

A \$0.60 per call charge is applicable to calls that originate from any payphone within the United States and access the Company's services via an 800 number (e.g., Business 800-, Travel Card, Prepaid Calling Card or Home Direct® calls). The Payphone Use Charge is in addition to the tariffed per minute usage rates and any applicable monthly service fees and surcharges associated with utilizing the Company's service accessed from the payphone.

6.0.16 Late Payment Fee

Customers billed directly by the Company or its agents for usage charges incurred as the result of utilizing the Company's service will be assessed a late payment fee as established in state tariffs of any unpaid monthly balance if payment is not received by the Company by the due date specifically listed on the Customer's bill.
