

VOLUME 1

2012 ANNUAL TARIFF FILING

June 18, 2012

DESCRIPTION AND JUSTIFICATION

I. Introduction

A. Background

Alaska Communications Systems, Inc. hereby submits this filing in support of its 2012 Annual Access Charge Tariff Filing. This information is being filed pursuant to the Federal Communications Commission's ("Commission") decisions In the Matter of *July 3, 2012 Annual Access Charge Tariff Filings*, WCB/Pricing File No. 12-07, DA 12-482, released March 28, 2012, and includes adjustments consistent with the requirements of Sections 61.41 through 61.49 of the Commission's rules, 47 C.F.R. §§ 61.41-61.49. The issuing carriers ("ACS Companies") for the ACS Companies Tariff FCC No. 1 are listed below:

Company	Study Area	COSA
ACS of Anchorage	Anchorage	AKAN
ACS of Fairbanks	Fairbanks	AKFB
ACS of Alaska	Greatland	AKGL
ACS of Alaska	Juneau	AKJU
ACS of the Northland	Glacier State	AKGS
ACS of the Northland	Sitka	AKSK

B. Waivers

The ACS companies list below all currently applicable waivers that permit rate elements different than those specified in 47 C.F.R., Part 69.

The Commission in Order, *In the Matter of ACS of Alaska, Inc., ACS of Anchorage, Inc., ACS of Fairbanks, Inc., and ACS of the Northland Inc., Petition for Conversion to Price Cap Regulation and Limited Waiver Relief, released April 17, 2009*, DA 09-854, Released April 17, 2009, provided the ACS Companies with the requested relief to convert its companies subject to rate-of-return regulation to price cap regulation and establish initial price cap indexes (“PCIs”) for price cap baskets.

C. New Services

The ACS Companies have no new services to report for the 2012 Annual Access Tariff Filing.

II. Index and Rate Development

A. Existing Indices

The existing indices are those indices that will be in effect on July 2, 2012. See IND-REF for transmittal numbers under which existing indices became effective.

B. PCI/ATS Development

The PCIs were developed with a GDP-PI factor of 2.1486%. The GDP-PI factor is based on the percentage change in the Gross Domestic Product Price Index (“GDP-PI”) between the quarter ending December 31, 2011 and the corresponding quarter of the 2010 GDP-PI. See Exhibit PCI-DEV.

C. Exogenous Costs

The ACS Companies developed exogenous cost changes according to the Price Cap Rules. These exogenous costs were measured at 2011 base period level of operations and apportioned on a cost-causative basis among the price cap baskets. Exogenous cost changes and allocations are shown in Exhibit EXG.

1) Regulatory Fees

Local Exchange Companies are allowed to recover the impact of regulatory fees as an exogenous cost. The calculations of the regulatory fees to be paid in the 2012 tariff year are based on the factor of 0.00375 as referenced in Attachment C of the *Assessment and Collection of Regulatory Fees for Fiscal Year 2011*, MD Docket No. 11-76, Report and Order, FCC 11-114, released July 22, 2011.

2) Telecommunications Relay Service Fee

All common carriers providing interstate telecommunications services are required to contribute to a fund designated to support telecommunications relay services. For the 2012 tariff year, the fee will be based on the factor of 0.01053 as set forth in Public Notice, Rolka Loube Saltzer Associates Submits Payment Formulas and Funding Requirement for the Interstate Telecommunications Relay Services Fund for the July 2012 through June 2013 Fund Year, CG Docket No. 03-123, DA 12-696, released May 2, 2012.

3) North American Numbering Plan Fee

In the North American Numbering Plan Administration (“NANPA”) Order, the Commission required all telecommunications carriers to contribute to the cost recovery for numbering administration. To remain consistent in the price cap treatment of such fees, i.e. Regulatory Fee and Telecommunications Relay Services Fee, the NANPA fee is treated as an exogenous change. For the 2012 tariff year, the fee will be based on the factor of 0.0000254 as set forth in Public Notice, Proposed North American Numbering Plan Administration Fund Size Estimate and Contribution Factor For July 2012 through June 2013, CC Docket No. 92-237, DA 12-799, released May 21, 2012.

D. CMT Per Line Revenue

Section 61.3(d) of the Commission's rules, 47 CFR § 61.3(d), sets forth the calculation of the maximum SLC for residential and single-line business customers, non-primary residential, and multi-line business service categories based on the average common line, marketing and transport interconnection charge revenue ("CMT" revenue) per line. Exhibit CMT depicts the CMT per line calculation.

E. Excluded Services

Exhibit OUTPC provides a detailed listing of those services which are excluded from price cap regulation.

F. USF/ICC Transformation Order

On November 18, 2011, the Commission released the *USF/ICC Transformation Order*, FCC 11-161, which established a number of new rules requiring ILECs to adjust, over a period of years, many of their switched access charges effective on July 1 of each of those years, with the ultimate goal of transitioning to a bill-and-keep regime at the end of the transition. The Commission also adopted a transitional recovery mechanism, including a new tariffed Access Recovery Charge (ARC), which is intended to partially mitigate the effect of reduced inter-carrier revenues. Per the Pricing Policy Division's order, DA 12-575, new TRP's were provided by the FCC to determine the amounts eligible for recovery through the new tariffed ARC.

1) ICC-Access Reduction

The Access Reduction spreadsheet identifies the rates that are required to be reduced pursuant to section 51.907(b)-(g) of the Commission's rules and calculates the amount of the reductions. The spreadsheets also show the calculation of a price cap ILEC's eligible recovery pursuant to section 51.915(d) of the Commission's rules. The ICC-Access Reduction TRP spreadsheets are

provided in this filing labeled as COSAAR12.xlsx. There is a separate TRP spreadsheet for each LEC study area using the COSA codes as specific identifier (i.e. AKANAR12.xlsx is Anchorage, AKSKAR12.xlsx is Sitka, etc). Amounts calculated in the ICC-Access Reduction TRP are summarized in the Eligible Recovery TRP spreadsheet labeled ACSTER12.xlsm.

2) Reciprocal Compensation

The Reciprocal Compensation TRP spreadsheet demonstrates the calculations necessary to comply with section 51.705 of the Commission's rules and calculates the eligible recovery for reciprocal compensation rate reductions pursuant to section 51.915(d). The spreadsheet is provided in this filing as TRP labeled ACSTRC12.xls. Amounts calculated in the Reciprocal Compensation TRP are summarized in the Eligible Recovery TRP spreadsheet labeled as ACSTER12.xlsm.

3) Access Recovery Charge (ARC)

The Commission also adopted a transitional recovery mechanism, including a new tariffed Access Recovery Charge (ARC), which is intended to partially mitigate the effect of reduced inter-carrier revenues. The ARC TRP spreadsheets demonstrate the calculations necessary to arrive at an ARC rate for filing carriers pursuant to section 51.915(e) of the Commission's rules.

There are two different ARC TRP spreadsheets. The first is the Rate Ceiling-CAF TRP and is being provided in this filing as ACSTARC12.xlsm. The second is the Tariff-Rate Comparison CAF TRP and is being provided in this filing as ACSTTRC12.xlsm. The Rate-Ceiling CAF TRP reflects ACS compliance with Part 51.915 (b) (11) of the commission rules while the Tariff-Rate Comparison CAF TRP reflects the proposed ARC tariffed rate.

Portions of both the Rate Ceiling CAF TRP (ACSTARC12.xlsx) and the Tariff Rate Comparison CAF TRP (ACSTTRC12.xlsx) contain information considered to be confidential and that confidential information has been redacted from the Public Version of the filing. The confidential version has been filed under seal subject to protective order issued in WCB Pricing File No. 12-08, Public Notice DA 12-887.

4) CAF ICC Support

According to calculations, ACS Companies are not eligible to receive CAF ICC support; however, if ACS Companies were eligible, they would elect to receive the CAF ICC Support pursuant to 47 C.F.R. § 51.915(f)(1), and have complied with the requirements of 47 C.F.R. § 51.915 (d) & (e).
