SECTION 1 - DEFINITION OF TERMS AND ABBREVIATIONS

Access Line - A facility arrangement which connects Customer's location to the underlying carrier's network switching center.

Access Local Loop - A dedicated line and related facilities that connect the Customer location to the Company's Point of Presence (POP). Access Local Loop facilities are attached at both ends of an end-to-end circuit.

Account - The service(s) and telephone numbers of a Customer. An Account may have more than one service or telephone number and/or telephone numbers billed to the same Customer address. An Account may include multiple locations for the same Customer.

Account Code - A numerical code, assigned to the Customer, to enable the Company to complete calls as authorized by the Customer. Multiple Account Codes may be assigned to the Customer.

Aggregator - Any person or other legal entity that may be a Customer and, in the ordinary course of its operations, makes telephones available to the public or to transient users of its premises, for telephone calls using a provider of operator services.

Authorization Code - A pre-defined series of numbers to be dialed by the Customer upon access to the Company's system to identify the caller and validate the caller's authorization to use the services provided. The Customer is responsible for charges incurred through the use of his or her assigned Authorization Code. An example of an Authorization Code is a calling card account number and personal identification number.

Calling Card Call - An operator-assisted or automated call in which Customer places an international call and requests that the charges for the call be billed to an authorization code rather than to the originating or terminating telephone number.

SECTION 1 - DEFINITION OF TERMS AND ABBREVIATIONS, (Cont'd.)

Collect Call - An operator-assisted international call in which all usage sensitive charges and per call charges for the call are assessed against the called party rather than the calling party.

Commission - The Federal Communications Commission

Company - Verizon Enterprise Solutions LLC, unless stated otherwise or clearly indicated by the context.

Consumer - A person who is not a Customer initiating any telephone calls using operator services.

(D)
|
(D)

Customer - Any person, firm, partnership, corporation or other entity who subscribes to or uses service and by doing so is subject to the terms and conditions of this tariff. The Customer is responsible for the payment of charges for service offered by the Company which are subscribed to or used by the Customer. The Customer is also responsible for payment of charges for a third person's use of service to which the Customer subscribes.

(D)
(D)

Equal Access - The ability of the Company to serve Customers on a presubscribed basis rather than through the use of dial access codes such as, 101XXXX.

(D)

Initial And Additional Period - The Initial Period denotes the interval of time allowed for a service at the rate specified for a connection between given service points. The Additional Period denotes the interval of time used for measuring and charging for time in excess of the Initial Period.

SECTION 1 - DEFINITION OF TERMS AND ABBREVIATIONS, (Cont'd.)

Interoffice Channel (IOC) - The IOC is the dedicated transport facility between the Company's points of presence.

ISDN - Integrated Services Digital Network

LATA - Local access and transport area. A geographic area established by the US District Court for the District of Columbia in Civil Action No. 82-0192, as modified by the FCC.

LEC - Local Exchange Carrier

Mainland - The lower contiguous 48 states.

Off-Peak - All hours other than those included in the Peak period, as indicated below or as otherwise described in the service offering description in this tariff.

Operator Dialed Call - An operator-assisted international call in which Customer has the ability to dial all the digits necessary for call completion but instead accesses an operator and requests that the operator complete the call.

PBX - Private Branch Exchange

Peak - From 7:00 AM up to but not including 7:00 PM Monday through Friday, as defined above or as otherwise described in the service offering description in this tariff. (T)

Person-To-Person Call - A service whereby the person originating the call specifies a particular person, department, extension, or other recognizable entity to be reached.

Point-Of-Presence (POP) - The actual (physical) location at which the network of the underlying carrier is accessed within the state or LATA.

Effective: August 4, 2012

SECTION 2 - REGULATIONS, (Cont'd.)

2.7 Taxes and Fees, (Cont'd.)

2.7.3 (Cont'd.)

- B. For recovery of contributions paid by the Company to recover Long Distance Access Charges. (T)

Telecommunications services provided by the Company are also subject to an undiscountable monthly charge imposed by the Company and payable by the Customer. The charge, noted on the Customer's bill as a Long Distance Access Charge (formerly Federal Access Charge), shall be added to each long distance line as follows: (T)
(T)

Single Line Business Customers	\$1.85 per line per month
Multi-line Business Customers	\$3.85 per line per month
Centrex/CustoPak	\$1.85 per line per month
ISDN PRI	\$17.55 per interface* per month

The line determination is based on available Company and/or LEC-provided information. Where line types cannot be determined by the Company, the charge is \$3.85. (T)
(T)

The Long Distance Access Charge defrays the cost of access charges and fees that LECs assess on interexchange carriers. This is a Company surcharge, not a tax, and is subject to change. (N)
|
(N)

* The ISDN PRI charge is per pipe, not per channel.
