End User Common Line (EUCL)

Legacy McLeodUSA end users on the “Advantage” retail service platforms prior to 2003, and Colorado end users on the “Preferred Advantage” retail service platforms prior to 2009, will continue to be billed the applicable End User Common Line (EUCL) charge at rates and charges as set forth below. Use of a EUCL by an End User in connection with Interstate Access Services provided under this tariff is provided when the end user obtains local exchange service or an equivalent service from the Company. The minimum period for EUCL service is the same as that in the end-user tariffs for the association local exchange service, which is typically one month.
