## ACCESS SERVICE

14. Operating Territory of the Verizon Telephone Companies (Cont'd)14.7 Metropolitan Statistical Areas (Cont'd)

## (C) Rate Regulations

When the Interexchange Carrier's Point of Presence is located at a Collocated Interconnection Service multiplexing node or virtual collocation arrangement, price band rates and charges do not apply to the Channel Termination or any other rate element associated with providing service to the Collocated Interconnection arrangement.

To determine the price band for the channel mileage rate element when the wire centers involved are located within different price bands, apply the rates and charges for the higher price band number. When one of the wire centers involved is subject to price band rating and the other wire center involved is not subject to price band rating, the rates and charges applicable to the channel mileage element will be the N-MSA or Rate Zone rates and charges.

For the avoidance of doubt, in accordance with Section 2.4.7 of this Tariff, only Telephone Company wire centers in the operating territory of this Tariff will be considered in order to determine the applicable channel mileage rate element. If one wire center is in the operating territory of this Tariff and the other wire center is not, the rates and charges applicable to the channel mileage rate element will be dependent upon the level of pricing flexibility of only the wire center that is in the Telephone Company's operating territory.

However, for service within the New York-New Jersey Corridor, any Verizon wire center within the operating territory of the New York - New Jersey Corridor will be considered in order to determine the applicable channel mileage rate element.

## ACCESS SERVICE

14. Operating Territory of the Verizon Telephone Companies (Cont'd)14.7 Metropolitan Statistical Areas (Cont'd)

## (C) Rate Regulations (Cont'd)

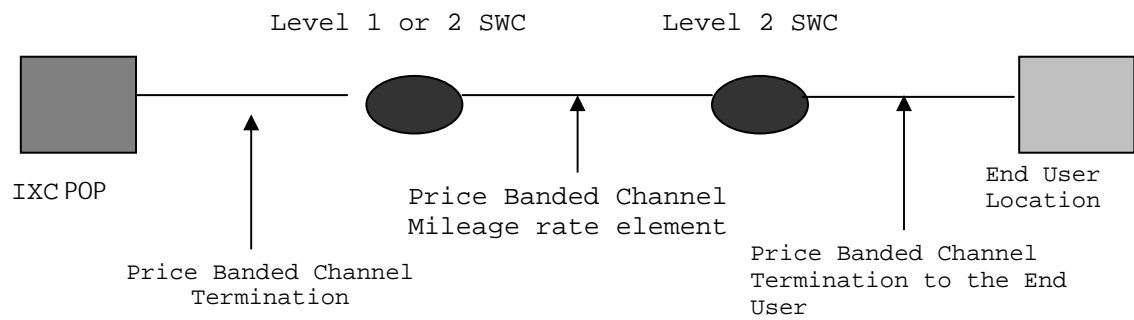

When service is provided under a Term Pricing Plan with a Commitment Discount as set forth in Sections 6.8.22(A) and (B), and 7.4.13(A) and (B) preceding, the discount percentage shall be applied to the rate applicable to the price band involved.

When service is provided as part of a Shared Use Arrangement, price band billing may apply to both, the switched access and the special access, portions of the facility.

The application of rates and charges for service subject to MSA pricing relief are described in Sections 6.8.1 and 7.4.1 preceding.

The following examples depict the application of the rate elements associated with a typical Access Service subject to Level 1 or Level 2 pricing.

Example: Level 1 or 2 pricing at POP SWC to Level 2 pricing at EU SWC
