TARIFF FORMAT

- A. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are added to the Tariff from time to time. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between pages 14 and 15 would be 14.1.
- B. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page version on file with the Commission. For example, the 4th revised page 14 cancels the 3rd revised page 14.
- C. Paragraph Numbering Sequence - There are six levels of paragraph coding. Each level of coding is subservient to its next higher level:
 - 2.1
 - 2.1.1
 - 2.1.1 (A)
 - 2.1.1 (A).1
 - 2.1.1 (A).1.a
 - 2.1.1 (A).1.a.i
 - 2.1.1 (A).1.a.i (1)
- D. Check Pages - When a Tariff filing is made with the Commission, an updated check page accompanies the Tariff filing. The check page lists the pages contained in the Tariff with a cross-reference to the current revision number. When new pages are added, the check page is changed to reflect the revision.

SECTION 5 – MISCELLANEOUS CHARGES

5.1 Payphone Origination Charge

Pursuant to the FCC's Order in CC Docket 96-128, this charge applies only to dial-around calls, i.e., calls originating using a carrier's access code, a Customer's 800/877/888 (and other area code assignments as appropriate) number and other toll free numbers and debit card calls, from payphone instruments. This charge does not apply for 0+ call for which the payphone provider would otherwise receive compensation. The Customer shall pay the Company a per call charge of \$0.60 per call for all such traffic.

5.2 Universal Service Charge

Company is required by the Federal Communications Commission (FCC) to contribute to the Federal Universal Service Fund (FUSF) to preserve and advance universal telecommunications services. The FCC sets the rate that Company is required to contribute, and the FCC can increase or decrease the rate on a quarterly basis. The FCC permits Company to assess a monthly surcharge for recovery of contributions paid by Company to FUSF and Company does assess such a charge. Company reserves the right to change the amount of the assessment based on changes made to the FUSF rate by the FCC.
