In this portion of the filing CenturyLink is updating the universal service contribution factors for the second quarter of 2013. This update applies the factor as adopted in Public Notice DA 13-422, released March 12, 2013.

The general USF change factor has been decreased to 0.155 to reflect the second quarter 2013 charge factor.

Multiline Business USF Charge Factor

As shown in USF Workpaper 1, "Federal Universal Service Fund Charge Factor Development," the Multiline Business charge factor for each study area is calculated by dividing the Multiline Business lines subject to FCC end user charges by the total number of lines subject to PICC charges pursuant to 47 C.F.R. 69.153. This ratio is multiplied by the second quarter 2013 USF Factor to determine the appropriate Multiline Business USF Charge Factor.

Centrex USF Charge Factor

As shown in USF Workpaper 1, "Federal Universal Service Fund Charge Factor Development," the Centrex USF Charge Factor is one-ninth of the Multiline Business USF Charge Factor.
