DEFINITIONS

Certain terms used generally throughout this Tariff are described below.

Advance Payment: Part or all of a payment required before the start of Service.

Access Services: Includes all services and facilities provided by the Company for the origination or termination of any interstate or foreign telecommunications or other communications services that have the ability to reach the public switched telephone network regardless of the technology used in transmission. This includes, but is not limited to, local exchange, long distance, and data communications services that may use either Time Division Multiplex (TDM) or Internet Protocol ("IP") or other technology.

Carrier or Common Carrier: See Interexchange Carrier.

Company: TNCI Operating Company LLC ("TNCI" or "Company"), the issuer of this Tariff.

Commission: The Federal Communications Commission.

Customer: Any individual, person, firm, partnership, association, joint-stock company, trust, governmental entity, corporation or other entity that directly or indirectly obtains access Service. A Customer is deemed responsible for the payment of charges and compliance with the Company's regulations. An Interexchange Carrier is deemed a Customer of the Company if any of the Interexchange Carrier directly or indirectly sends traffic to or receives traffic from a central office code ("NPA-NXX") assigned to the Company. The use of the Company's Access Service constitutes an order for such Service and requires compliance with the obligations, rates, and charges as set forth in this Tariff, regardless of whether the Customer has affirmatively requested Service or has an executed service order.

Discontinuance or Suspension of Service: For Incidental Service, the blockage of Customer's traffic terminating on Company's network or traffic originating on Company's network and terminating on Customer's network.

End Office: With respect to each NPA-NXX code prefix assigned to the Company, the location of the Company's End Office for purposes of this Tariff shall be the point of interconnection associated with that NPA-NXX code in the Local Exchange Routing Guide, issued by Telcordia.

DEFINITIONS, Continued

End User or User: The term End User denotes a subscriber or user of an interstate or foreign telecommunications service that is not a Carrier. A Carrier, other than a telephone company, shall also be deemed to be an "End User" when such Carrier uses a telecommunications service for its own internal administrative purposes. A person or entity that offers telecommunications services exclusively as a non-facilities-based reseller shall be deemed to be an "End User" if all resale transmission is offered by such reseller.

Exchange Telephone Company: Denotes any individual, partnership, association, joint-stock company, trust, or corporation engaged in providing switched communication within an exchange.

Feature Group D or FGD: Feature Group D is a type of telecommunication trunk used to provide equal access capability from telecommunication carriers and central offices through dialing "1" plus the desired called party's ten digit telephone number. The call is routed through the caller's presubscribed carrier.

Incidental Service: Denotes Interstate Switched Exchange Access Service provided to a Customer under this Tariff that is not provided through a written agreement with Customer and will be held to have been constructively ordered.

Individual Case Basis or ICB: A service arrangement in which the regulations, rates, and charges are developed based on the specific circumstances of the case under a separate interconnection agreement between the Company and Customer, unless otherwise prohibited by law or regulation.

Interconnecting Carrier: Any Carrier that interconnects to Company's network for purposes of terminating traffic, or receiving originating traffic.

Interexchange Carrier, IXC: The terms Interexchange Carrier denotes any individual, partnership, association, joint-stock company, trust, governmental entity or corporation engaged for hire in interstate, interstate or foreign communication by wire or radio, between two or more exchanges.

DEFINITIONS, Continued

Interstate Switched Exchange Access Service or Service: Access Service that provides for a switched two-point communications path between a Customer's premises or a collocated interconnection location and an End User's premises for originating and terminating calls.

LATA: A Local Access and Transport Area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192; or any other geographic area designated as a LATA in the NATIONAL EXCHANGE CARRIER ASSOCIATION, Inc. Tariff F.C.C. No. 4.

Network: Refers to the Company's facilities, equipment, and Services provided under this Tariff.

Serving Wire Center: The term Serving Wire Center denotes the wire center from which the Customer designated premises would normally obtain dial tone.

Shared: A facility or equipment system or subsystem that can be used simultaneously by several Customers.

Toll Free: A term to describe an inbound communications service which permits a call to be completed at a location without charge to the calling party. Access to the service is gained by dialing a ten (10) digit telephone number (e.g., Numbering Plan Area ("NPA") code is 800, or other 8XX, number where X is a number between 0 and 9).

Wire Center: A building in which one or more central offices, used for the provision of Exchange Services, are located.

APPLICATION OF TARIFF

This Tariff applies to Interstate Switched Exchange Access Service provided to Customers for origination and termination of traffic to and from Central Office codes directly assigned to TNCI Operating Company LLC in the absence of a separate interconnection agreement between the Company and Customer.

BY INTERCONNECTING TO AND UTILIZING THE EXCHANGE ACCESS SERVICES SET FORTH IN THIS DOCUMENT, INTERCONNECTING CARRIERS ARE DEEMED TO HAVE CONSTRUCTIVELY ORDERED SERVICE AS CUSTOMERS, AND AGREE TO THE SERVICE RATES, CHARGES, TERMS, AND CONDITIONS AS SET FORTH HEREIN.

Company provides exchange access Services contained in this Tariff under a Multiple Bill-Multiple Tariff method, as set forth in the Alliance for Telecommunications Industry Solutions Inc. Ordering and Billing Forum Multiple Exchange Access Billing document, **ATIS/OBF-MECAB-08**, Issue 8, dated January 2003. This method allows one provider to bill for other providers within the Multiple Bill option when there are more than two companies providing the Service. The number of bills rendered is less than the total number of companies providing the Service. Each provider's Tariff or contract rates are applied and displayed separately for each company's portion of the Service provided.

This Tariff applies only to the extent that facilities are available and Services provided hereunder are used by a Customer for the purpose of originating or terminating interstate communications.

REGULATIONS**2.1 UNDERTAKING OF COMPANY****2.1.1 Scope**

The Company undertakes to furnish Interstate Switched Exchange Access Services in accordance with the terms and conditions set forth in this Tariff.

2.1.2 Shortage of Facilities

All Service is subject to the availability of suitable facilities. The Company reserves the right to limit the length of communications or to discontinue furnishing Services when necessary because of the lack of transmission medium capacity or because of any causes beyond its control.

2.1.3 Terms and Conditions

- A. Service is provided on the basis of a minimum period of at least one month, twenty four (24) hours per day, unless otherwise deemed Incidental Service. For the purpose of computing charges in this Tariff, a month is considered to have thirty (30) calendar days.
- B. Customers may be required to execute any other documents as may be reasonably requested by the Company.
- C. This Tariff shall be interpreted and governed by applicable federal law, state laws, and Commission regulations, as may apply.

REGULATIONS, Continued**2.1 UNDERTAKING OF COMPANY, Continued****2.1.4 Limitations on Liability**

- A. Except as otherwise stated in this section, the liability of the Company for damages arising out of either: (1) the furnishing of its Services, including but not limited to mistakes, omissions, interruptions, delays, or errors, or other defects, representatives, or use of these Services or (2) the failure to furnish its Service, whether caused by acts or omission, shall be limited to the extension of allowances to the Customer for interruptions in Service as set forth in Section 2.7.
- B. Except for the extension of allowances to the Customer for interruptions in Service as set forth in Section 2.7, the Company shall not be liable to a Customer or third party for any direct, indirect, special, incidental, reliance, consequential, exemplary or punitive damages, including, but not limited to, loss of revenue or profits, for any reason whatsoever, including, but not limited to, any act or omission, failure to perform, delay, interruption, failure to provide any Service or any failure in or breakdown of facilities associated with the Service.
- C. The liability of the Company for errors in billing that result in overpayment by the Customer shall be limited to a credit equal to the dollar amount erroneously billed or, in the event that payment has been made and Service has been discontinued, to a refund of the amount erroneously billed.

10. Any representations made by Company employees that do not comport, or that are inconsistent, with the provisions of this Tariff;
11. Any non-completion of calls due to network busy conditions;
12. Any calls not actually attempted to be completed during any period that Service is unavailable.

E. The Company shall be indemnified and held harmless by the Customer or End User from and against any and all claims, losses, demands, suits, expenses, or any other action or liability whatsoever, including attorney fees, whether suffered, made or asserted by the Customer or by any other party, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, including environmental contamination, whether owned by the Customer or by any other party, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, presence, condition, location, use or removal of any Company or Customer equipment or facilities or service provided by the Company.

F. Except as otherwise stated in this Tariff, any claim of whatever nature against the Company shall be deemed conclusively to have been waived unless presented in writing to the Company within thirty (30) calendar days after the date of the occurrence that gave rise to the claim.

G. The Company will operate as specified in these and other applicable Tariffs. Due to the interdependence among telecommunications companies, and the interrelationship with non-Company processes, equipment, and systems, the Company is not responsible for failures caused by circumstances beyond its control including, but not limited to, failures caused by:

1. overt action, omissions, interruptions, delays, errors, other defects or misrepresentations, or the facilities of a local exchange carrier;
2. Customer Provided Equipment ("CPE"); or
3. an End User or Customer.

In addition, the Company is not liable for any incompatibility between the Company's Services and any non-Company Services used by a Customer or an End User.

REGULATIONS, Continued**2.1 UNDERTAKING OF COMPANY, Continued****2.1.5 Provision of Equipment and Facilities**

- A. Except as otherwise indicated, CPE located at the Customer's premises for use in conjunction with this Service shall be so constructed, maintained and operated as to work satisfactorily with the facilities of the Company.
- B. The Company shall not be responsible for the installation, operation or maintenance of any CPE. Where such equipment is connected to Service furnished pursuant to this Tariff, the responsibility of the Company shall be limited to the furnishing of Services under this Tariff and to the maintenance and operation of such Services in the proper manner. Subject to this responsibility, the Company shall not be responsible for:
 - 1. the through transmission of signals generated by CPE or for the quality of, or defects in, such transmission; or
 - 2. the reception of signals by CPE; or
 - 3. network control signaling where such signaling is performed by CPE.

2.1.6 Ownership of Facilities

Title to all facilities provided in accordance with this Tariff remains in the Company, its agents, contractors or suppliers.

REGULATIONS, Continued**2.2 PROHIBITED USES**

- A. The Services the Company offers shall not be used for any unlawful purpose or for any use for which the Customer has not obtained all required governmental approvals, authorization, licenses, consents and permits.
- B. The Company may require Customers who intend to use the Company's Service to file a letter with the Company confirming that their use of the Company's Service complies with relevant laws regulations, policies, orders, and decisions.
- C. The Company may require a Customer to immediately shut down its transmission if such transmission is causing interference to others.
- D. A Customer, joint user, or authorized user may not assign, or transfer in any manner, the Service or any rights associated with the Service without the written consent of the Company. The Company may permit a Customer to transfer its existing Service to another entity if the existing Customer has paid all charges owed to the Company for regulated access Services. Such a transfer will be treated as a disconnection of existing Service and installation of new Service, and non-recurring installation charges as stated in this Tariff will apply.

- B. The Customer shall be responsible for providing Company personnel access to premises of the Customer at any reasonable hour for the purpose of testing the facilities or equipment of the Company.

2.3.2 Liability of the Customer

- A. The Customer will be liable for damages to the facilities of the Company and for all incidental and consequential damages caused by the negligent or intentional acts or omissions of the Customer, its officers, employees, agents, invitees, or contractors where such acts or omissions are not the direct result of the Company's negligence or intentional misconduct.
- B. To the extent caused by any negligent or intentional act of the Customer as described in (A) preceding, the Customer shall indemnify, defend and hold harmless the Company from and against all claims, actions, damages, liabilities, costs and expenses, including attorneys' fees for (1) any loss, destruction or damage to property of any third party, (2) the death of or injury to persons, including, but not limited to, employees or invitees of either party, and (3) any liability incurred by the Company to any third party pursuant to this or any other Tariff of the Company, or otherwise, for any interruption of, interference to, or other defect in any Service provided by the Company to such third party.

In order to protect the Company's facilities and personnel and the Services furnished to other Customers by the Company from potentially harmful effects, the signals applied to the Company's Service shall be such as not to cause damage to the facilities of the Company. Any special interface equipment necessary to achieve the compatibility between facilities of the Company and the channels or facilities of others shall be provided at the Customer's expense.

2.4.2 Inspections

- A. The Company may, upon notification to the Customer, at a reasonable time, make such tests and inspections as may be necessary to determine that the requirements regarding the equipment and interconnections are being complied with in respect to the installation, operation and maintenance of CPE and in the wiring of the connection of Customer channels to Company-owned facilities.
- B. If protective agreements governing Company oversight of CPE installed at Company's premises are not being complied with, the Company may take such action as necessary to protect its facilities and personnel and will promptly notify the Customer by registered mail in writing of the need for protective action. In the event that the Customer fails to advise the Company within ten (10) calendar days after such notice is received or within the time specified in the notice that corrective action has been taken, the Company may take whatever additional action is deemed necessary, including canceling Service, to protect its facilities and personnel from harm. Upon Customer request, the Company will provide Customer with a statement of technical parameters that the Customer's equipment must meet within no less than twenty four (24) hours in advance of equipment inspection.

REGULATIONS, Continued**2.6 PAYMENT ARRANGEMENTS, Continued****2.6.4 Discontinuance or Suspension of Service for Cause**

Discontinuance or Suspension of Service for Incidental Service shall mean that Customer will be precluded from terminating traffic on Company's network, or receiving calls originated on Company's network. For other than Incidental Service, Company may disconnect Service in the following instances.

- A. Upon nonpayment of any amounts owing to the Company, the Company may, by giving five (5) business days prior written notice to the Customer, suspend Service without incurring any liability.
- B. Upon violation of any other terms or conditions described herein for furnishing Service, the Company may, by giving ten (10) business days prior notice in writing to the Customer, discontinue or suspend Service without incurring any liability.
- C. Upon condemnation of any material portion of the facilities used by the Company to provide Service to a Customer or if a casualty renders all or any material portion of such facilities inoperable beyond feasible repair, the Company may, by notice to the Customer, discontinue or suspend Service without incurring any liability.
- D. Upon the Customer's insolvency, assignment for the benefit of creditors, filing for bankruptcy or reorganization, or failing to discharge an involuntary petition within the time permitted by law, the Company will follow procedures provided in federal bankruptcy code.
- E. Upon any governmental prohibition or required alteration of the Services provided or in order to avoid violation of an applicable law or regulation, the Company may immediately discontinue or suspend Service without incurring any liability.
- F. In the event of fraudulent use of the Company's network, the Company may without notice suspend or discontinue Service. The Customer will be liable for all related costs. The Customer will also be responsible for payment of any applicable reconnection charges.

- C. Customers are advised that use of telecommunications equipment and Services, including those provided under this Tariff, carry a risk of various forms of telecommunications fraud (including, but not limited to, toll and PBX fraud perpetrated by those who gain access to a Customer's facilities, account numbers, security or authorization codes, etc.). Customers should take all necessary steps to restrict access to their facilities, including the equipment and Services provided hereunder, and to detect and prevent unauthorized use of the equipment and Services provided by the Company under this Tariff.

2.8.2 Liability for Unauthorized Use

- A. Except as provided for elsewhere in this Tariff, the Customer is responsible for payment of all charges for Services provided under this Tariff furnished to the Customer. This responsibility is not changed due to any use, misuse, or abuse of the Customer's Service or CPE by, including, but not limited to the Customer's employees, third parties or the public.
- B. The Customer is liable for all costs incurred as a result of unauthorized use of the Network, including, but not limited to, Service charges and any direct, indirect, special, incidental, reliance, consequential, exemplary, or punitive charges.
- C. The Customer is responsible for payment of any charges related to the suspension of Service and any charges for reconnection of Service, incurred as a result of unauthorized use of the Network.

REGULATIONS, Continued**2.9 APPLICATION OF RATES**

The regulations set forth in this section govern the application of rates for Services contained in other sections of this Tariff.

2.9.1 Charges Based on Duration of Use

Originating and terminating calls to End Offices will be measured (i.e., recorded or assumed) by the Company to determine the basis for computing chargeable access minutes. In the event the Customer message detail is not available because the Company lost or damaged tapes or experienced recording system outages, the Company will estimate the volume of lost Customer access minutes of use based on previously known values.

A. Originating Traffic

For originating calls over Customer's Feature Group D, usage measurement of access minutes begins when the originating Customer's Feature Group D switch receives the first wink supervisory signal forwarded from the Customer's point of termination.

The measurement of originating call usage ends when the Customer's originating Feature Group D switch receives disconnect supervision from either the Company's Network, indicating the originating End User has disconnected, or the Customer's point of termination, whichever is recognized first by the Company's Network. For originating calls over Customer's Feature Group D Access Service, the measured minutes are chargeable access minutes.

Customer's Feature Group D access minutes or fractions thereof, the exact value of the fraction being a function of the Network technology where the measurement is made, are accumulated over the billing period for each End Office, and are then rounded up to the nearest access minute for each End Office.

REGULATIONS, Continued**2.9 APPLICATION OF RATES, Continued****2.9.1 Charges Based on Duration of Use, Continued****B. Terminating Traffic**

For terminating calls, the measurement of access minutes begins when the Customer's terminating Feature Group D switch receives answer supervision from the Company's Network, indicating the terminating End User has answered. For terminating calls over Customer's Feature Group D Access Service, the measured minutes are chargeable access minutes. Where assumed minutes are used, the assumed minutes are the chargeable access minutes.

The measurement of terminating call usage over Customer's Feature Group D ends when the Customer's terminating Feature Group D switch receives disconnect supervision from either the Company's Network, indicating the terminating End User has disconnected, or the Customer's point of termination, whichever is recognized first by the switch.

Customer's Feature Group D access minutes or fractions thereof, the exact value of the fraction being a function of the Network technology where the measurement is made, are accumulated over the billing period for each End Office, and are then rounded up to the nearest access minute for each End Office.

SERVICE DESCRIPTIONS**3.1 INTERSTATE SWITCHED EXCHANGE ACCESS SERVICES**

Interstate Switched Exchange Access Service, available to Customers for their use in furnishing their Services to End Users, provides a two-point communications path between a Customer's network and an End User's premises. It provides for the use of common originating or terminating, switching and trunking facilities and/or functionalities. Switched Exchange Access Service provides for the ability to originate calls from an End User's premises to a Customer's network (or a collocated interconnection location), and to terminate calls from a Customer's network (or a collocated interconnection location) to an End User's premises in the LATA where it is provided and served by Company. Switched Exchange Access Service is provided as an Incidental Service or must be ordered separately for each LATA in which the Customer desires to originate or terminate calls.

Customer's or its End User's use of any Incidental Service shall constitute Customer's agreement to all of the terms and conditions of this Tariff. Incidental Services are billed to Customer on a monthly basis in accordance with Customer's recorded usage for each Service and the corresponding rates contained in the Rates Section.

Switched Exchange Access Service is provided in the following service categories, which are differentiated by their technical characteristics and the manner in which an End User or Customer accesses them when originating or terminating calls:

- A. Terminating Switched Exchange Access provides trunk side equivalent access to the Company's Network for the Customer's use in originating and terminating communications.
- B. Toll Free Database Access Service provides trunk side-equivalent access to the Company's Network in the originating direction only, for the Customer's use in originating calls dialed by an End User to telephone numbers beginning with the prefix "800" or "8XX" where X is a number between 0 and 9.

SERVICE DESCRIPTIONS, Continued**3.1 INTERSTATE SWITCHED EXCHANGE ACCESS SERVICES, Continued****3.1.1 Standard Rate Categories**

The Company combines traditional per minute Switched Exchange Access rate elements into a single composite per minute rate element. This element includes the following rate categories. The rate categories in this Section 3.1.1 apply to Switched Exchange Access Service and include the following combined categories.

A. End Office Switching

The End Office switching rate category establishes the charges related to the use of those portions of the Company's network that perform End Office switching functionality, the terminations in the End Office of End User lines and the termination of calls at intercept operators or recordings.

SERVICE DESCRIPTIONS, Continued**3.1 INTERSTATE SWITCHED EXCHANGE ACCESS SERVICES, Continued****3.1.2 Toll Free Database Access Service**

Toll Free Database Access Service is a service offering utilizing originating trunk side Switched Exchange Access Service. The Service provides for the forwarding of End User dialed Toll Free calls to a Company Service Switching Point, which will initiate a query to the database to perform the switching.

Toll Free Database Access Service is comprised of the following elements:

A. Toll Free Database Call-Routing Query / Carrier Identification Charge

The Toll Free Database Call-Routing Query or Carrier Identification Charge applies for the identification and delivery of Toll Free dialed traffic to the appropriate Customer. The charge is assessed to the Customer on a per query and per minute of use basis and may include an area of Service which may range from a single NPA/NXX to an area consisting of all LATAs and NPAs within the operating territory of the Company. The Call-Routing Query or Carrier Identification Charge and the per minute of use charges can be found with the Local Transport and Local Switching rates in Section 4.

SERVICE DESCRIPTIONS, Continued**3.1 INTERSTATE SWITCHED EXCHANGE ACCESS SERVICES, Continued****3.1.2 Toll Free Database Access Service, Continued****B. POTS Translation Charge**

The Translation provides the option of having the ten digit number NPA + NXX-XXXX delivered instead of the Toll Free dialed number (e.g., 800 + NXX-XXXX) delivered to the service provider.

A Translation Charge is assessed per query, in addition to the Toll Free Carrier Identification Charge.

C. Toll Free Routing Options Charge

The Toll Free Routing Options Charge Package, available only with the Toll Free Database Access Service, provides feature functionality in addition to basic query. The feature package may include various destination options such as carrier selection, time of day routing, day of week routing, specific date routing, geographic routing, routing based on percent of allocation, and emergency routing profiles.

SERVICE DESCRIPTIONS, Continued**3.2 VOICE OVER INTERNET PROTOCOL – PUBLIC SWITCHED TELEPHONE NETWORK (“VoIP – PSTN”) TRAFFIC**

- A. This section governs the identification and treatment of VoIP-PSTN Traffic that is required to be compensated at interstate access rates unless the parties have agreed otherwise in a written agreement. Specifically, this section establishes the method of separating such traffic (referred to in this tariff as “Relevant VOIP-PSTN Traffic”) from a Customer’s traditional intrastate access Tariff, so that such Relevant VOIP-PSTN traffic can be billed in accordance with the FCC Order.

Company will bill and collect the full Access Reciprocal Compensation on traffic exchanged with Customers when such traffic originates and/or terminates in Internet Protocol format, as set forth in Section 51.913 of the Federal Communications Commission’s rules, 47 C.F.R. § 51.913, regardless of whether the Company itself delivers such traffic to the called party’s premises or delivers the call to the called party’s premises via contractual or other arrangements with an affiliated or unaffiliated provider of interconnected Voice over Internet Protocol service or a non-interconnected Voice over Internet Protocol service that does not itself seek to collect Access Reciprocal Compensation charges for this traffic. 1

Intrastate VoIP – PSTN traffic is subject to the Company’s applicable interstate switched access rate per minute, as set forth in this Tariff.

SERVICE DESCRIPTIONS, Continued**3.2 VOICE OVER INTERNET PROTOCOL – PUBLIC SWITCHED TELEPHONE NETWORK (“VoIP – PSTN”) TRAFFIC, Continued****B. Calculations and Application of Percent-VoIP-PSTN Usage**

Company will determine the number of Relevant VoIP-PSTN Traffic minutes of use (“MOU”) to which interstate rates will be applied under subsection 3.2.A, above, by applying a Percent VoIP Usage (“PVU”) factor to the total intrastate access MOU exchanged between a Company End User and the Customer. The PVU will be derived and applied as follows.

1. The Customer will calculate and furnish to Company a factor (the “PVU-A”) representing the percentage of the total terminating intrastate and interstate access MOU that the Customer exchanges with Company in the State, that (a) is sent to Company and that originated in IP format; or (b) is received from Company and terminated in IP format. This PVU-A shall be based on information such as the number of the Customer’s retail VoIP subscriptions in the state (e.g., as reported on FCC Form 477), traffic studies, actual call detail, or other relevant and verifiable information.
2. Company will similarly calculate a factor (the “PVU-B”) representing the percentage of Company’s total terminating intrastate and interstate access MOU in the State that Company originates or terminates on its network in IP format. This PVU-B shall be based on information such as the number of Company’s retail VoIP subscriptions in the state (e.g., as reported on FCC Form 477), traffic studies, actual call detail, or other relevant and verifiable information.

SERVICE DESCRIPTIONS, Continued**3.2 VOICE OVER INTERNET PROTOCOL – PUBLIC SWITCHED TELEPHONE NETWORK (“VoIP – PSTN”) TRAFFIC**, Continued**B. Calculations and Application of Percent-VoIP-PSTN Usage**, Continued

3. Company will use the PVU-A and PVU-B factors to calculate a PVU factor that represents the percentage of total terminating intrastate and interstate access MOU exchanged between a Company End User and the Customer that is originated or terminated in IP format, whether at Company's end, at the Customer's end, or at both ends. The PVU factor will be calculated as the sum of: (A) the PVU-A factor and (B) the PVU-B factor times (1.0 minus the PVU-A factor).
4. Company will apply the PVU factor to the total terminating intrastate access MOU exchanged with the Customer to determine the number of Relevant VoIP-PSTN Traffic MOUs.

Example 1: The PVU-B is 10% and the PVU-A is 40%. The PVU factor is equal to $40\% + (10\% \times 60\%) = 46\%$. Company will bill 46% of the Customer's terminating intrastate access MOU at its applicable tariffed interstate rates.

Example 2: The PVU-B is 10% and the PVU-A is 0%. The PVU factor is $0\% + (100\% \times 10\%) = 10\%$. Company will bill 10% of the Customer's terminating intrastate access MOU at Company's applicable tariffed interstate switched access rates.

Example 3: The PVU-A is 100%. No matter what the PVU-B factor is, the PVU is 100%. Company will bill 100% of the Customer's terminating intrastate access MOU at Company's applicable tariffed interstate switched access rates.

5. If the Customer does not furnish Company with a PVU factor, the Company will utilize a PVU-A factor of zero.

If the PVU-A factor is not available and/or cannot be implemented in Company's billing systems by April 15, 2012, the Company will adjust the Customer's initial PVU-A to zero retroactively to the date on when Services was first provided.

D. PVU Factor Updates

The Customer may update the PVU-A factor quarterly. The Customer shall submit such update no later than the 15th day of January, April, July, and October of each year. Revised PVU factors must be based on the data for the prior three months ending the last day of December, March, June, and September respectively. The Company will use the revised PVU-A factor to calculate a revised PVU. The revised PVU will be used for future billing and will be effective on the bill date of each month and will be used for subsequent monthly billing until superseded by a new PVU factor. No prorating or back billing will be done based on the updated PVU factors. The PVU factor will be billed beginning on the date on when Services was first provided..

E. PVU Factor Verification

Not more than twice in any year, Company may ask the Customer to verify the PVU-A factor furnished to Company and a Customer may ask Company to verify the PVU-B factor and the calculation of the PVU factor. The party so requested shall comply, and shall reasonably provide the records and other information used to determine the respective PVU-A and PVU-B factors.
