Attention: Wireline Competition Bureau

The Verizon Telephone Companies (Verizon) hereby apply for Special Permission for a waiver of Section 61.74 of the Commission's rules.

Verizon intends to introduce a new contract tariff option in its Access Service Tariff FCC No. 1 (FCC1), Access Service Tariff FCC No. 11 (FCC11), and Facilities for Interstate Access Tariff FCC No. 14 (FCC14). The new contract tariff option provides billing credits for certain access services when the customer meets conditions as further described in the new contract tariff option.

Verizon requests special permission to waive the requirements of Section 61.74 of the Commission's rules in order to allow FCC1, FCC11, and FCC14 to make the following references to each other and to Tariff FCC No. 16 (FCC16):

- \* FCC1, FCC11, and FCC14 must reference each other and FCC16 for the purpose of identifying the special access DS1 services, special access DS3 services, and special access Facilities Management Services included in this new contract tariff option, and the section numbers where the regulations for such services are found.

- \* FCC1, FCC11 and FCC14 must reference each other for the purpose of identifying the Contract Tariff Options to which the customer must have been subscribed immediately prior to the new contract tariff option.
- \* FCC1, FCC11, and FCC14 must reference each other for the purpose of identifying the pricing plans, and suspension of true-ups applicable to such plans (where applicable), to which the customer must remain concurrently subscribed during the service period of the new contract tariff option.
- \* FCC1, FCC11, and FCC14 must reference each other for the purpose of specifying that the customer's subscription to, or termination of, the contract tariff option in one of the tariffs shall be an automatic subscription to, or termination of, the contract tariff option in the other tariffs.
- \* FCC1, FCC11, and FCC14 must reference each other for the purpose of defining the Metropolitan Statistical Areas that comprise the Serving Area for the new contract tariff option and in which Billing Credits apply.
- \* FCC1, FCC11 and FCC14 must reference FCC16 for the purpose of stating that no credits will be provided under that tariff.
- \* FCC1, FCC11 and FCC14 must reference each other for the purpose of defining the termination penalty due based upon all billing credits paid under the new contract tariff option.

Payment in the amount of \$845.00 has been electronically transmitted to the U.S. Bank in St. Louis, Missouri, in accordance with the fee program procedures.
