ACCESS SERVICE

4. End User Access Service (Cont'd)4.6 Rate Regulations4.6.1 Who is Billed

When the end user's local exchange service is provided by the Telephone Company, the EUCL per month charges and the ARC per month charges will be billed to the end user. When the end user's local exchange service is provided by a local service provider that resells services, the EUCL per month charge and the ARC per month charges will be billed to the reseller.

4.6.2 Access Recovery Charge *

Customers assessed a EUCL charge as specified in Sections 4.7.1 through 4.7.3 following will be assessed a flat-rated, monthly Access Recovery Charge (ARC) as specified in Section 4.7.4 through 4.7.6 following. ARCs will be billed to the associated end user or reseller of the local exchange services, with the exception of those customers who participate in the Lifeline Assistance Program.

4.6.3 Multiparty Service

The EUCL and ARC charges for each multiparty subscriber shall be assessed as if such subscriber had subscribed to single party service.

4.6.4 Business Services(A) Single Line Service

When an end user is provided a single local business exchange service in a state, multiparty service included, and when this local business exchange service is provided under the general and/or local exchange service tariffs, the EUCL Single Line Business - Individual line or trunk rates as set forth in 4.7.1 following and the ARC Single Line Business - Individual line or trunk rates as set forth in 4.7.4 following apply to each such business individual line or trunk. In the case of multiparty service each party is deemed to be a user of an EUCL.

(B) Multiline Service

When an end user is provided more than one local business exchange service in a state by the same Telephone Company, semi-public service and multiparty service included, or when local exchange service is provided for use with payphone service, and when a local exchange service is provided under the general and/or local exchange service tariffs that is not covered by (C) following (Centrex), the EUCL Multiline Business - Individual line or trunk rates as set forth in 4.7.3 following and the ARC Multiline Business - Individual line or trunk rates as set forth in 4.7.6 following apply to each such Multiline Business individual line or trunk. In the case of multiparty service each party is deemed to be a user of an EUCL.

* Not applicable to residence customers in California, Texas, and Virginia.

ACCESS SERVICE

6. Switched Access Service (Cont'd)

6.5 Rate Categories, Applications, and Regulations (Cont'd)

6.5.3 End Office (Cont'd)

(D) Tandem Switch Signaling

Tandem Switch Signaling, offered in conjunction with FGD and BSA-D Switched Access, 500 SAC Access Service, or 900 SAC Access Service with either multifrequency address signaling or SS7 Out of Band Signaling Access Service, provides the carrier identification code (CIC) and the OZZ code or circuit code as described in 6.3.2(AA) to determine the customer and trunk group(s) where traffic will be routed.

Rate regulations applicable to Tandem Switch Signaling are found in 6.5.14.

(E) Shared Trunk Port

The Shared Trunk Port provides for the termination of a Tandem-Switched Trunk at an end office. The Shared Trunk Port is usage rated and shall be assessed to the applicable originating or terminating access minutes which (C) utilize Tandem-Switched Transport. This includes minutes of use associated with FGA service when traffic is terminated in an end office that is not the dial tone office and on minutes of use provided at a remote office.

The Shared Trunk Port charge does not apply to switched access minutes of use that originate or terminate at MTSOs directly interconnected to a Telephone Company access tandem.

ACCESS SERVICE

6. Switched Access Service (Cont'd)

6.5 Rate Categories, Applications, and Regulations (Cont'd)

6.5.6 Determination of Rates

- (A) Rates for the Local Transport Interconnection Charge, End Office Switching, Information Surcharge, and the Shared Trunk Port rates are applied as premium rates. The End Office Switching premium rates are further differentiated based upon the directionality of the traffic carried over the Switched Access Service. The Entrance Facility, Direct-Trunked Transport, Tandem-Switched Transport, multiplexing and EIS Cross Connect rate elements are not subject to premium rating. (N)

The Composite Terminating End Office Charge (as set forth in 6.6.1(A), 6.6.6(A), 6.6.7(A), 6.6.9(A), and 6.6.10(A)) applies to all terminating access minutes of use. (N)

(1)

The following rules provide the basis for applying the rates and charges:

(a)

Premium rates apply to all: FGA, FGB, FGD, BSA-A, BSA-B, and BSA-D access minutes; and

(b)

all switched access minutes of use that originate or terminate at a Mobile Telephone Switching Office (MTSO) directly interconnected to a Telephone Company access tandem office or to an end office.
