Dear Ms. Dortch:

Please find attached the ninth revision to Tariff FCC No. 1, interstate access services, of Midcontinent Communications. This filing is made pursuant to §204(a)(3) of the Act, and is filed on fifteen (15) days' notice, with an issue date of July 16, 2013 and an effective date of July 31, 2014. It consists of the following revised pages:

Page	Revision No.
2	9
41	6

With this filing, Midcontinent Communications complies with the July 1, 2014 step down requirements set forth by the Federal Communications Commission's Order FCC No. 11-161 (released on November 18, 2011) and rule 47 C.F.R. § 61.26 "Tariffing of competitive interstate switched exchange access services." To comply with this rule, Midcontinent Communications is changing its rate structure to introduce separate originating and terminating end office switched access rate elements and reduce its end office terminating switched access rates to the levels of the corresponding dominant incumbent local exchange carrier's (CenturyLink Qwest's) rates.

Midcontinent Communications is a non-dominant carrier and, therefore, cost support documentation under Part 61.38 of the Commission's Rules is not required.

Payment in the amount of $910.00 has been submitted through the Electronic Tariff Filing System. If you have any questions about these revisions, please contact the undersigned counsel.

Respectfully submitted,

Derek Teslik
